Nationalists Hit Red Troop Convoy, Say 21 Ships Sunk

RED-IMPRISONED ARCHITECT REUNITED WITH FAMILY. Happy sons Hugh, 11, and Alan, 9, are on hand at a London railroad station to greet their father, Hermann Field, Cleveland architect, released by Communist Poland after six years' imprisonment. Field is kissing his wife, Kate, who accompanied him to London from Switzerland, where he has been recuperating since his release.

Foes of Tariff Slash Waging House Battle

Republicans Leading Move To Tone Down Ike's Trade Program

WASHINGTON (AP) — President Eisenhower's embattled program designed to expand free world trade by lowering U.S. tariffs moved toward expected House passage late today.

But protective tariff forces, after a surprising show of strength yesterday, said there were good prospects that they could water down the administration bill.

May Send Message

Eisenhower reportedly planned a last-minute appeal for support through a message to be read by House Minority Leader Martin (R-Mass).

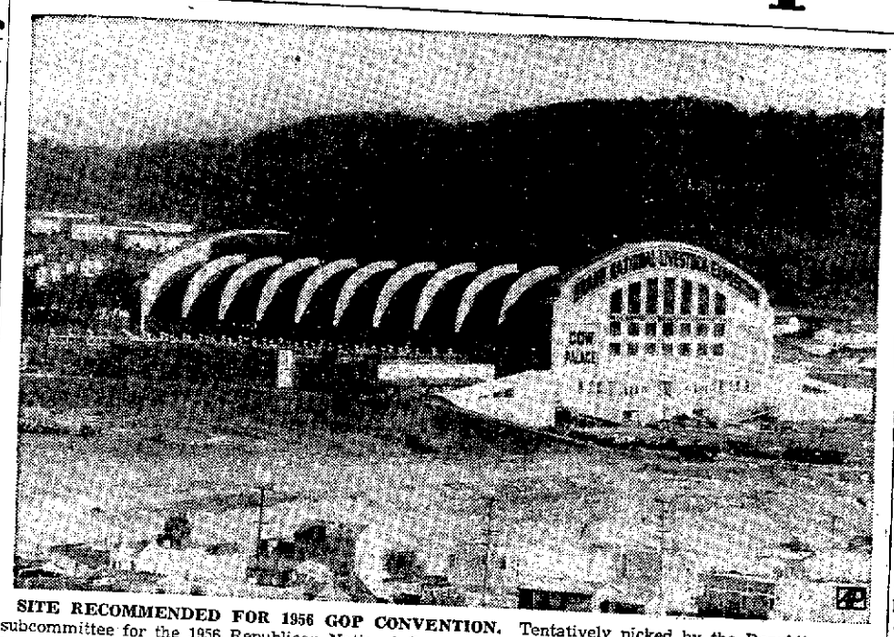
It took three roll calls within 2½ hours yesterday merely to establish procedure for considering the bill. In the windup, supporters of the program succeeded by only one vote, 193-192, in adopting a rule which limits foes to offering just one amendment.

But in the tentative first test yesterday, supporters were startled by a 28-vote licking. It appeared then the bill would be opened to a flood of trade-restricting amendments. The picture was reversed only after Speaker of the House Rayburn (D-Tex) stepped down from the rostrum to plead for the limitation.

Democrats Save Day

On each roll call, a majority of Republicans voted against the procedure curbing amendments. A majority of Democrats supported it. Democrats did most of the shifting to save the day for supporters of the trade program.

The bill would extend for three more years the President's power to negotiate reciprocal trade agreements, under which the United States cuts tariffs on foreign goods coming into this country in exchange for reductions in trade barriers to American products shipped abroad.



SITE RECOMMENDED FOR 1956 GOP CONVENTION. Tentatively picked by the Republican site subcommittee for the 1956 Republican National Convention is the Cow Palace in San Francisco. It is located seven miles south of the city. San Francisco won out over Philadelphia and Chicago. Picture was made in 1946.

Dive Bomber Pilot Reports Strafing Sub

Chiang Forces Deal Enemy Hardest Blow Of Vest-Pocket War

TAIPEI, Formosa (AP)—The Chinese Nationalist air force claimed one of its bombers sank a submarine off the Red-held Taishan Islands this afternoon while other planes and warships wreaked havoc on a Chinese Communist troop supply convoy.

The air force said the bomber went into a power dive and bombed and strafed the sub, scoring direct hits and causing bubbles to rise as it went down.

Claims 21 Vessels Sunk

Planes patrolled the area for a long period but found no trace of the undersea craft.

In the same East China Sea area, Nationalist warplanes and ships claimed at least 21 Red vessels sunk, with indications the battle would go on through the night.

If the Nationalist claims are confirmed, it would be the most severe defeat they have ever administered to the Reds.

Red Losses Heavy

The ministry said the Reds lost eight landing craft, five gunboats and eight armed motorized junks, plus other unspecified craft. The landing craft were believed to be carrying about 200 soldiers each.

The ministry said the Nationalist warplanes also attacked the Red-held Taishan Islands, destroying eight barracks and causing heavy Communist casualties.

A ministry spokesman said the Red flotilla was cruising southward toward the Taishans when the Nationalist warships intercepted it. Chiang Kai-shek's warplanes also raced out to attack.

Nationalists Lose None

The ministry said none of the Nationalist ships was lost. The sea battle erupted off the Chekiang province coast about 130 miles northwest of Formosa between the Nationalist northern outpost of Sanchishan and Red-held Taishan Island.

The Red convoy was spotted at 7:50 a.m. moving southward from the Wenchow Bay area. Two warships and four gunboats were convoying eight landing ships each capable of carrying 200 troops.

In the first 30 minutes of action, seven Red landing craft were sunk, Col. Lu Ta of the Defense Ministry said. He reported three of the four Red gunboats were set afire and possibly sunk.

Loaded With Troops

Lu said the small transports were loaded with troops and supplies but he refused to speculate on their mission. Possibly the Reds were building up their garrison on Taishan, 15 miles off the coast, for an assault either on Nanchishan to the north or Matsu to the south.

Taishan is about 90 miles southwest of the Tachen Islands, which the Nationalists abandoned last week to the Reds.

Far to the south, Chinese Red batteries on the main land and a nearby island hurled 90 shells at the National garrison on Quemoy earlier today, the ministry said.

Smith Heads Division

Shovel Co. Official Elevated by M-C&S

Milton T. Smith, vice president and general manager and a director of the Marion Power Shovel Co. and the Osgood Co., today was named executive vice president in charge of the newly-organized equipment division of the parent Merritt-Chapman & Scott Corp.

This division, one of four created in an extensive organizational realignment designed to effect maximum administrative and operational coordination of Merritt-Chapman's expanded scope of industrial activity, consists of the two Marion shovel manufacturing firms and the Construction Improvements, Ltd., of Toronto, Canada, which holds patents throughout the world for the manufacture of "Travelift" cableways.

—:—

THE LATTER FIRM is a subsidiary of the C. A. Pitts General Contractor, Ltd., of Toronto, acquired by M-C&S late in 1954 as a Canadian subsidiary.

Mr. Smith will maintain his office in Marion and will continue his present duties at the Marion Power Shovel and Osgood Co.'s. He has been a director of Marion Power Shovel since last year and became vice president and general manager when Merritt-Chapman acquired the firm through an exchange of stock in the fall.

He came to Marion from the Bucyrus-Erie Co., of which he was vice president. He had served for 26 years in the power shovel industry.

—:—

THE ORGANIZATIONAL realignment, announced by Louis E. Wolfson, M-C&S president and board chairman, groups the company's operations into four major divisions — construction, steel, equipment and manufacturing.

MILTON T. SMITH
Heads New Company Division

Each is headed by an operational executive vice president, and three other executives have been elected to similar posts with overall responsibility for administration, finance, and procurement, trade relations and insurance.

Wolfson pointed out "divisional integration of related activities provides all operations the opportunity for greater productivity, with each benefiting from the in-

Spying Charge By Communists Denied by Field

Press Interview Held In London by Freed Cleveland Architect

LONDON (AP) — Hermann Field, Cleveland architect imprisoned for five years in Communist Poland as a spy, said today "I have never been an agent for anybody."

He told a news conference the Poles kept him in prison in an underground cell and added that he came out after the five years "knowing as little" about the "Field case" as when he went in.

His voice broke as he recounted the scene when he learned that he was to be free. Field said that once the Poles decided to release him they treated him with great kindness.

Paid for Treatment

He said that at his insistence the Poles agreed to state he had been arrested on false charges, and they also paid the cost of his convalescence in Switzerland after he left Waraw last fall.

"I was never subjected to physical mistreatment, but again and again they questioned me about my whole life," Field said.

Field, now 44, said that during this period he learned nothing about his brother Noel, who had disappeared in 1949 in Prague, a few months before his own arrest.

He reported the Polish government last month paid him $5,000 indemnity for his imprisonment. This was in addition to $1,500 to cover the cost of his convalescence. He said he was not required to sign any documents to receive the money and no strings were attached.

Demanded Compensation

Field said he first made a demand for financial compensation when he went on a protest hunger strike in 1951. He repeated his demand for compensation after he was released last October and he added the Poles quickly agreed to the payments.

Hermann was arrested in Warsaw in August 1949 while searching for his older brother, a former U.S. State Department official; and his brother's wife. They had vanished in Prague three months before.

Since then Noel and his wife, Herta, have turned up after being released from a Communist prison in Hungary. They have asked the Hungarian government for asylum.

Noel's Daughter Disappeared

A fourth member of the family, Mrs. Erica Wallach, adopted daughter of Noel and Herta Field, disappeared about the same time as the others and has been reported by persons coming out of Russia to be a prisoner in Siberia.

Hermann said that, as near as he could make out from the questioning of the Polish security police, the Communist regime in Warsaw had got the idea he was engaged in subversive activity in trying to save some Czech refugees from Hitler.

Field held the news conference in the home of his English in-laws in the Golders Green section of London.

Weather Again Delays A-Blast

Plane Drop Delayed After Nevada Parley

LAS VEGAS, Nev. (AP) — Bad weather today again delayed, at least for a few hours, the opening blast of the 1955 atomic test series.

The plane drop of an atomic device, originally set for 7:30 a.m. was postponed after an early morning weather conference.

Because of the weather, test chiefs earlier had decided against a powerful predawn tower shot, in favor of an air drop in daylight.

The series originally was set to start last Tuesday.

With the shift to an air drop, troop maneuvers were canceled.

The tower shot presumably will come next, or as soon as there is less danger of radioactive fallout from the atomic cloud.

President Asks Lighter Attacks On Democrats

Republicans Warned Of Linking Opposition Party to Communists

WASHINGTON (AP) — President Eisenhower says Republicans ought not to link Communists and Democrats in the same class when they line up to fight their enemies.

The President's admonition was delivered to the Republican National Committee yesterday after it unanimously had affirmed a subcommittee's choice of San Francisco as the site and Aug. 20 as the opening date for the 1956 presidential nominating convention.

Resolution of Praise

The committee thanked Eisenhower for "an inspirational and heart-warming talk" and proceeded to assert in a resolution offered by former Sen. C. Wayland Brooks, Illinois member:

"Thanks to him (Eisenhower) and his unequaled leadership, we approach 1956 not only determined to win, but convinced that we will win because America wants and is determined to have the quality of government which Dwight D. Eisenhower and the Republican party have given it."

Maintaining silence on his own plans, the President told the delegates not to close their "balance of values" in their struggle to win elections.

Reds Greatest Enemy

"Our greatest enemy is the Communists," he said. "Our great struggle today is a free world against a dictator world. Our greatest enemy is not the Democrats. We certainly know we can't have better allies when we are fighting anybody from abroad.

"So let's remember that . . . Let's not build up a picture that the worst enemy anyone can have is a Democrat. Far from it. We just don't think they can do as good as we do. As a matter of fact, we know it."

The President's cautionary re-

Youth in Detroit Held for Brutal Killing of Girl

DETROIT (AP)—A distraught father lifted the slashed and battered body of his curly-haired 9-year-old daughter from an ice-rimmed pond last night. Three hours later, a wayward 16-year-old youth admitted killing the girl, the prosecutor reported.

The victim was pretty Kathleen McLaughlin. Her body was found near her parents' spacious suburban home in fashionable Franklin Knolls.

Prosecutor Fred Ziem of adjoining Oakland County said Floyd Diamond, small for his age, admitted stabbing the child repeatedly with a jackknife and crushing her skull with a rock in a fit of passion that built up as he mauled her in roughhouse play.

The boy recently was released after a year in the Wayne County Training School. His stepmother Mrs. Marge Diamond said he had been a "problem child" who never got beyond the fourth grade.

The father, John J. McLaughlin, 42, found the body in the pond during a search about two hours after the child was last seen by her family.

The boys' formal statement to Ziem told what happened in those two hours:

Floyd, who lives three blocks from the McLaughlins, came by Kathleen's home and saw her playing. Together, they headed toward a skating pond near the one where the body was found. There they began scuffling and tripping

Dulles Leaves For Far East Defense Parley

Eight-Nation Military Council Advocated By Secretary of State

WASHINGTON (AP)—Secretary of State Dulles flies toward the Far East today with a roughed-out plan for an eight-nation military council to coordinate defenses against communism in Southeast Asia.

The blueprint has many details yet to be filled in. It includes four main goals for a conference opening next Wednesday at Bangkok, Thailand:

1. To set up an organization. The Southeast Asia Defense Treaty was signed last Sept. 8 at Manila and since then all eight participating nations have ratified it.

2. To build military security. The treaty area covers all of Southeast Asia and the western Pacific below Formosa, including the Indochina states of Laos, Cambodia and Viet Nam. Each treaty nation is pledged to act "in accordance with its constitutional processes" against armed aggression in this area.

3. To create safeguards against subversion. Just how this is done has not been made clear.

4. To foster economic welfare. Again the outlook is clouded. Earlier talk about an American "Marshall Plan for Asia" or a more modest program of loans and grants has given way to "coordination of existing programs."

Dulles took all these aims into account in his speech at New York

Morse Now Democrat

EUGENE, Ore. (AP)—Sen. Wayne Morse of Oregon, the erstwhile Republican who became an independent in 1952, will run as a Democrat in 1956.

He changed his registration at his home town courthouse here yesterday, after flying out from Washington without announcing his intentions.

Britain Wants Deal for U.S. Guided Missile

WASHINGTON (AP) — Great Britain, with much of her guided missile program still in the development stage, has been talking with the United States about buying some American weapons.

The talks, still in preliminary phases with any formal negotiations yet to follow, involve the U.S. Army's Corporal missile, a Defense Department spokesman said today in answer to a reporter's inquiries.

Long-Range Missile

The Corporal is a "surface-to-surface" missile, intended for bombardment of enemy targets at ranges greater than are covered by conventional artillery.

There has been speculation that the Corporal can strike with effective accuracy up to 40 or 50 miles. The Army says its range is "far beyond" that of artillery, which covers up to 30 miles with big guns.

Report Called Premature

The Corporal is produced for the Army jointly by Firestone Tire and Rubber Co. and Gilfillan Brothers, Inc. It has been in mass production for more than a year.

Any agreement for British purchase presumably would be made through the Defense Department and Army.

The spokesman said published reports that the British government already has purchased some other American missiles appeared premature, adding that the only missile involved so far is the Corporal and that in that case negotiations are only in the discussion stage.

Pineau Seeking Approval for French Cabinet

PARIS (AP) — Socialist Christian Pineau put his proposed Cabinet and political platform on the firing line today, asking the National Assembly to confirm him as France's 21st postwar premier. He was given no more than an even chance for approval.

The schedule for the Assembly session called for Pineau to present his Cabinet and program in a speech immediately after the opening of proceedings, with debate following. Political wrangling could postpone the vote on approval until late tonight.

Victory for Pineau would end the two-week Cabinet crisis and make him the first Socialist premier since the resignation of Paul Ramadier in 1947.

The Premier-designate needed a majority of the votes cast in the 627-member Assembly. However, anything less than the continuing support of about 310 members would leave his government on shaky ground. Some unofficial tabulations last night gave him less than 290 sure backers.

Pineau's program was typical of a Socialist candidate. It included provisions for wage increases and continuance of former Premier Pierre Mendes-France's negotiations to grant more authority to France's restive North African protectorates. He also was pledged to continue the fight for French ratification of the Paris treaties providing for the rearmament of West Germany. Approved by the Assembly, they still face Senate action.

OWU Studying Request Of Flemming To Resign

DELAWARE — Trustees of Ohio Wesleyan University in Delaware will meet March 12 to consider the status of President Arthur S. Flemming, who is serving as director of the Office of Defense Mobilization.

The OWU president, who was appointed director of defense mobilization at the start of the Eisenhower administration, has been on leave from his duties at the university since 1953.

—:—

FLEMMING submitted a letter of resignation to the University trustees at the mid-winter meeting of the board of trustees in Delaware last Friday.

The board postponed action at that time, appointed a special committee to study the matter, and set the March 12 meeting in

15 Witnesses Give Testimony At Phenix City

BIRMINGHAM, Ala. (AP)—Prosecuting attorneys still haven't linked ex-Chief Deputy Sheriff Albert Fuller to the killing of A. L. Patterson but they promised today to do it before his murder trial ends.

"You can say we will definitely put Fuller at the scene," said special prosecutor Cecil Deason after the first day and a half of testimony, which brought 15 witnesses to the stand.

Fuller, however, maintains he was not at the scene when Patterson was shot to death—that he can, in fact, prove that he was elsewhere.

Deason introduced the slain anti-vice crusader's campaign against organized crime into the record yesterday and told Judge J. Russell McElroy he would establish that as the slaying motive.

Patterson was shot down June 18 outside his Phenix City law office after winning the Democratic nomination for attorney general of Alabama on a vice cleanup pledge.

Fuller, who was chief deputy sheriff during the days when commercialized vice flourished unmolested in Phenix City, was indicted for the murder together with Arch Ferrell and Si Garrett. Ferrell was prosecuting attorney in the city and Garrett was state attorney general.

Next Move Up to Reds

U.S. Adopting Watchful Waiting Stand on Islands

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The next move in the Formosa crisis is up to the Red Chinese. More and more American officials are coming around to the view that they may make it with military force.

The importance of what the Reds may do overshadows a rift between the United States and Britain over the Quemoy, Matsus and other coastal islands.

With British support, the United States has established a firm line in defense of Formosa. Beyond this, the United States has in effect said it will fight a Chinese Communist assault on any of the offshore islands if President Eisenhower decides the move is aimed at conquest of Formosa. The British, however, hold that Chiang Kai-shek's Nationalists should give up the offshore islands and pull back to Formosa.

In this situation, the Communists have to decide whether they will try to take over either the coastal islands or Formosa itself by military means or by diplomatic maneuver. Under present circumstances, if they try by military means in either case it seems certain they will confront at the least a limited war with the United States.

Several months ago the Chinese Reds began stepping up their threats to capture Formosa. They have increased the violence of propaganda against the United States.

Furthermore, diplomats here have heard, they have privately told Burmese and Indian leaders they intend to take Formosa this year and will be selling rice from Formosa by the year's end.

War Seen if Reds Guess Wrong

Vagueness of U.S. Policy On Quemoy, Matsu Cited

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The very vagueness of the Eisenhower administration's intentions on defending the Quemoy and Matsu islands from Red Chinese attack could lead to serious trouble.

The administration has explicitly stated it will defend Formosa, where Chiang Kai-shek's main forces are, and the Pescadores Islands. It has been consistently vague about defending Chiang's other islands, including the Quemoy and Matsu groups.

If the Reds guess wrong—if they attack and find it has been the administration's determined but so far unexpressed policy to defend those islands—then the United States will be in at least a limited war with China.

—:—

THE ADMINISTRATION apparently has decided to take that risk for reasons of its own. One of those reasons, perhaps, is the hope that as long as the Communists are forced to guess they will be cautious and not take chances.

They have already taken chances. They attacked and captured one of Chiang's smallest islands, Yikiangshan. Then they pegged shots at the Tachen Islands. They were allowed to take them too when Chiang's forces pulled out.

In both cases the administration said the islands weren't important to the defense of Formosa and the Pescadores. Perhaps the administration will do the same and say the same if Quemoy and Matsu are attacked.

But Secretary of State Dulles in a speech this week indicated—although he didn't say flatly—that Quemoy and Matsu would not be surrendered to serve as stepping stones for a Red attack on Formosa.

—:—

IN HIS SPEECH he did not close the door to the possibility the Reds might be given Matsu and Quemoy if they agreed through a cease-fire not to attack Formosa. But he didn't exactly say that either.

If the administration had told the Chinese Communists they would have to fight the United States to get the offshore islands, the Reds might then have felt they had to fight or lose face. That may have been one reason for not being too explicit. At the same time, if they had been flatly warned, they might have backed off.

But the United States also has a face - saving problem in the Orient. The influence of the Chinese Communists among Asians undoubtedly increases with every inch of real estate they grab from under America's nose by talking tough.

—:—

IN HIS SPEECH, Dulles said. "A great danger in Asia is the fear of the many non-Communist peoples that the United States has no real intention of standing firmly behind them. Already that fear has mounted to the danger point."

On Feb. 2 President Eisenhower told a news conference his immediate aim is to make certain the Reds understand that the United States is absolutely determined to defend Formosa. By this time they must have no doubt of that.

What they can have doubt about—because they have never been told otherwise—is American intentions about the other islands.

Sales Tax Receipts Surpass 1954 Mark

Sales tax receipts in Ohio for the week ending Feb. 5 were $572,333 higher than for the same week in 1954, Roger W. Tracy, state treasurer, announced today. The increase enabled the grand total collections for the fiscal year starting last July to surpass the total collections for the same period last year for the first time.

Total collections from sales tax since July amounted to $106,447,386, compared with $106,070,931 up to Feb. 5 last year.

Receipts in Marion County for the week showed an increase of more than $3,000, totaling $19,475.37, compared with collections for the same week in 1954 of $16,062.82.

In the area surrounding Marion County, increased receipts were noted in Crawford, Delaware, Morrow and Wyandot Counties. Declines in receipts for the week were registered in Union and Hardin Counties.

Brownie Troop 16 Entertains Mothers

A Valentine party honoring their mothers was given by members of Brownie Troop 16 of Mark Street School Wednesday afternoon at the school.

Decorating the table from which refreshments were served were Valentine motifs with a large lacy heart as the centerpiece. Also on the table was an arrangement of lavender crocuses.

The pledge to the flag by the group opened the program, the Brownie flag ceremony was conducted by Ethel Butler, Sandra Clarkson and Vickie Ralston, and Miss Mary Teresa Smith led group singing. Games provided entertainment and refreshments were served by Mrs. Mary Clarkson, Mrs. Ruth Gilbert and Mrs. Lois Williams. Brownie hostesses were Tana Manzo, Judy Williams and Sharon Stotts.

Guests included Miss Smith, Mrs. Evelyn Stotts, Mrs. Virginia Howison, Mrs. Phyllis Lord, Mrs. Marguerite Barnhart, Mrs. Marge Barrett, Mrs. Lois Williams, Mrs. Mary Clarkson, Mrs. Ruth Gilbert, Mrs. Ruth Ensminger, Mrs. Lillian Smith and Alma Miller, Nellie Baker, Debbie Lee Williams and Penny Ralston.

Advertising helped make the difference

FARMERS DON'T RECKON with real horsepower any more — a tractor can do the job better. Today's farm is an open-air factory with a specialized machine for every task. And America's mechanized farming produces more food ... and better food ... than any other country in the world.

But to mass produce the millions of tractors, plows, combines, pickers, cultivators that are found on modern farms, manufacturers must be able to sell them by the millions. Only by advertising can a manufacturer talk to millions of farmers at the same time.

ADVERTISING TELLS the story of new farm machinery and equipment — and helps sell it. The more it sells, the more must be made — keeping the production lines and the jobs going. The result: newer, better farm machinery at prices more farmers can afford to pay. Advertising helped make the difference — in farming, and in our American way of life.

Alleged Voting Irregularities Will Be Probed

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown said today he will submit to the Jefferson County prosecutor all data in an investigation of alleged irregularities uncovered in voting at Toronto last November.

Brown's action broke a tie vote by the county election board on the question of submitting the evidence to Prosecutor Bernard McCann. One Republican and one Democrat on the board paired on each side of the question.

The secretary of state said evidence of "short penciling" came to light last December during a recount of votes in the U.S. senatorial race

Brown said he uncovered evidence showing additional "X" marks had been penciled on ballots in an attempt to cancel votes for Democrat Thomas A. Burke of Cleveland. Republican George H Bender, another Clevelander, nosed out Burke in the race for the remaining two years of the late Sen. Robert A Taft's term.

In breaking the election board's tie vote, Brown said in a prepared statement:

"Since there is an uncertainty on the part of the board as evidenced by his tie vote, there is only one course in my judgment I am confident that there were irregularities in that precinct (3-B), and the prosecuting attorney should be permitted to see if he can ferret out additional information, sufficient in all, to bring those responsible to justice."

Try This Casserole Dish During Lent

Tuna Plus Cream Style Corn Are Base With Biscuit Topping

By CECILY BROWNSTONE
Associated Press Food Editor

The vogue for casserole cookery continues. We are constantly being asked to recommend cookbooks featuring cassrole food. So if you are a cook who likes to serve your main course all-in-one-dish, here's a recipe to try during Lent. Its base is a can of tuna plus a can of cream-style corn; the drained small green lima beans and white onions (from buffet-size cans) are added and the whole is topped with biscuits made from a packaged mix.

One word of warning to cooks who try this casserole recipe. Heat the fish and vegetables in a covered baking dish, as we direct in the recipe, before adding the biscuit topping. Or if you prefer, you may heat the tuna mixture on top of the range. This part of your casserole dish needs to be boiling hot before it has the cut-out biscuit dough added. In this way the biscuits will bake quickly. If you do not do this, you are likely to have a soggy layer of biscuit dough at the top surface of the tuna mixture.

COUNTRY CASSEROLE of tuna, vegetables and biscuits is a fine Lenten meal.

COUNTRY CASSEROLE

Ingredients: 1 can (17 ounces) cream-style corn, ¼ cup milk, ½ teaspoon salt, 1 can (8 ounces) small green lima beans, 1 can (8 ounces) whole white onions, 1 can (7 ounces) solid-pack tuna, 1 cup biscuit mix, 1-3 cup milk or 6 tablespoons heavy cream, extra milk or cream, paprika.

Method: Turn corn and ¼ cup milk into 1½-quart baking dish (10 by 6 by 1¾ inches). Drain lima beans, onions and tuna and add; break up tuna into large chunks. Cover tightly with aluminum foil and place in very hot (450 degrees) oven until bubbly hot—10 to 15 minutes. Stir biscuit mix and 1-3 cup milk together with a fork. Turn out on prepared pastry cloth; shape and roll out about ¼-inch thick; cut out 10 biscuits with 2-inch diamond-shaped cutter; or cut into 10 finger-length biscuits. Arrange biscuits on top of hot, tuna mixture; brush biscuits with milk or cream and dust very lightly with paprika. Return to very hot (450 degrees) oven until biscuits are baked and browned — about 15 minutes. Makes 5 servings.

Bucyrus Attorney Leaves $2,000 to Home and Hospital

BUCYRUS — The Elyria Home for the Aged and White Cross Hospital in Columbus, both maintained by the Methodist church, eventually will receive the bulk of the estate of J. Walter Wright, Bucyrus attorney and one-time Crawford County Common Pleas judge, according to the will filed in probate court here this week.

Cash bequests of $1,000 each are made to the two institutions. A life estate to a family dwelling in Bucyrus is given to Mrs. Helen Bowser, Bucyrus, a sister of the late Mrs. Wright. After her death, the property is to go to Dorothy Striker, Sulphur Springs, a niece of Mrs. Wright.

A niece, Anna Margaret Bailey, West Liberty, O., is bequeathed a life interest in the remainder of the estate and upon her death, equal shares of the estate are to be given to the two institutions.

Mr. Wright died Jan. 7 at the age of 80. He was common pleas judge from 1919 to 1931.

Value of the estate is estimated at $65,000, including $40,000 in personal property and $25,000 in real estate.

Tenley Albright Winner Of Figure Skating Title

VIENNA (AP)—Future American domination of figure skating, a sport once ruled by Europeans, seemed certain today after a smashing triumph by 19-year-old Tenley Albright in the women's division of the world championships.

Coupled with the third straight world title won by Hayes Alan Jenkins Wednesday, the victory of the blonde from Newton, Mass., yesterday gave America a clean sweep of the major events in the world championships.

HIT BY TREE LIMB, KILLED

CHILLICOTHE, Ohio (AP)—Struck by the limb of a tree he was felling, Stanley Carter, 46, was killed yesterday near Bainbridge.

Mayor's Removal May Not Be Legal, Prosecutor Says

PORTSMOUTH, Ohio (AP) — The Scioto County prosecutor says the village council of Rarden may have illegally fired Mayor A. T. Hoffer.

Prosecutor William H. Harsha Jr. yesterday said he believed the council would have to utilize state statutes covering such ouster action.

Mayor Hoffer raised no objection when the council fired him last Wednesday night and council President Roscoe Gardner took over the mayor's chair.

Marshall S. E. Daulton launched the move for Hoffer's dismissal last week, charging the mayor had refused to hear criminal cases. This, Daulton said, deprived Rarden of fine revenues and created an "atmosphere of lawlessness."

A group of citizens brought a similar charge against the mayor last Nov. 1, but it was thrown out of common pleas court.

Maryland Officials Hold 2 Men for Auto Thefts

NORTH CUMBERLAND, Md. (AP) —Washington County authorities today held Gary Lee McAlinden, 20, of Canton, Ohio, and Edward Rawson, 27, Weirton, W. Va., charged with auto theft.

State police said McAlinden admitted stealing a car in Baltimore last Friday, driving it to Canton, stealing another in Akron, Ohio, and driving it with Rawson to Hancock, Md.

In Hancock, police said the two took another car which ran out of gas near Frostburg. They were arrested while trying to hitchhike a ride in Frostburg.

New Traffic Hazard

SEDONA, Ariz. (UP) — Adventurers interested in travel in outer space are warned that the chances of their spaceship missing collision with a meteor on a trip to the moon are only 50-50.

H. H. Nininger, mineralogical authority whose home here holds one of the world's finest private collections of meteors, added that a meteor the size of a marble could explode with the force of about four sticks of dynamite.

PLAN CHURCH CAMPAIGN

GALION — Beginning Sunday, Feb. 27, the Gallon Ministerial Association will sponsor a church-attendance campaign in Gallon in conjunction with the 1955 nation-wife campaign. The purpose is to promote church attendance among all religious faiths and denominations. The theme for the campaign which will continue through the Lenten season to Easter is "Attend church every week — the church of your choice."

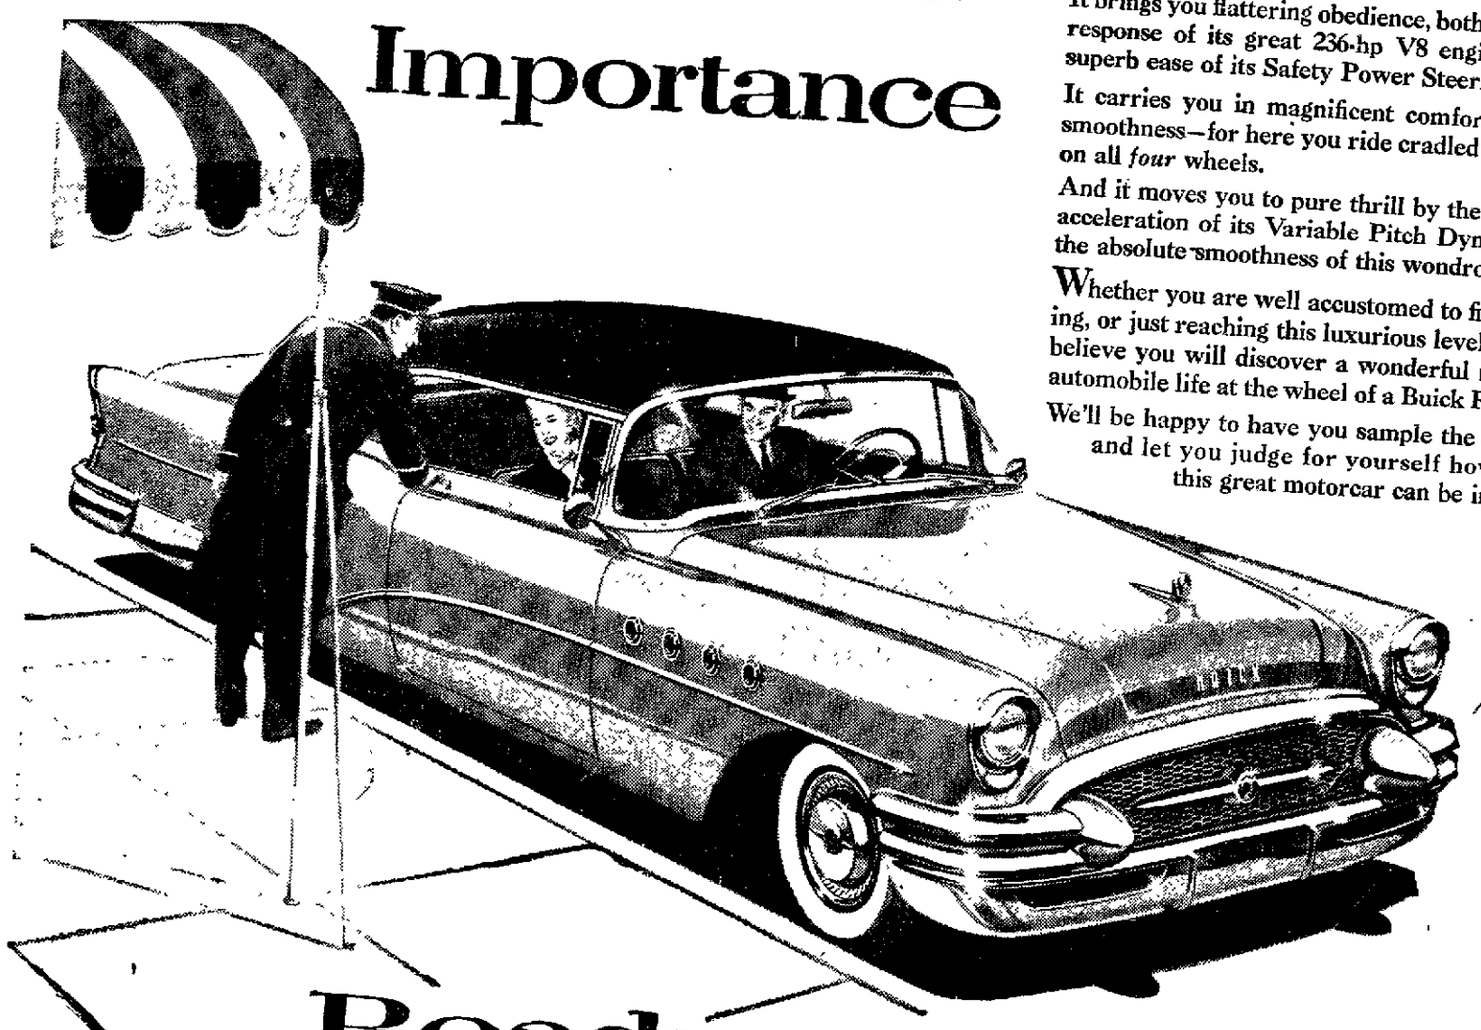
It takes you with Great Importance



Roadmaster

Custom built by Buick

We believe you will find at the wheel of a 1955 Buick ROADMASTER a satisfaction that you will find in few other fine cars.

It is a satisfaction that comes not alone from the obvious stature and impressiveness of this Buick of Buicks.

Rather, it is something you sense that this automobile does to those who command it.

It seats you in luxury, of course, for ROADMASTER is custom production.

It brings you flattering obedience, both in the supreme response of its great 236-hp V8 engine, and in the superb ease of its Safety Power Steering.

It carries you in magnificent comfort and buoyant smoothness—for here you ride cradled by coil springs on all *four* wheels.

And it moves you to pure thrill by the instantaneous acceleration of its Variable Pitch Dynaflow, and by the absolute smoothness of this wondrous drive.

Whether you are well accustomed to fine-car motoring, or just reaching this luxurious level of travel, we believe you will discover a wonderful new world of automobile life at the wheel of a Buick ROADMASTER.

We'll be happy to have you sample the experience—and let you judge for yourself how important this great motorcar can be in your plans.

Would It Work?

Before the Ohio General Assembly commits itself too deeply to the Ohio School Survey Committee's recommendation for a nine-member state school board based on Ohio's nine Court of Appeals district, each member should ask himself one question:

Would it work?

Marion County is in the third Court of Appeals district. Other counties in the Third district are Defiance, Paulding, Van Wert, Mercer, Henry, Putnam, Allen, Auglaize, Hancock, Hardin, Logan, Union, Crawford, Wyandot and Seneca — 16 in all.

The people who live in the 16 counties have no way of making group decisions. A "non-partisan" candidate for the state school board from any one of the 16 counties would be unknown outside his own county — and might even be unknown inside his own county. Furthermore, he would have no way to make himself known.

With the exception of the eighth Court of Appeals district, which includes only Cuyahoga County, the same thing could be said about every other district in Ohio.

It is as near a certainty as anything can be in government that Ohioans would be in the position of casting a blind vote for state school board candidates. When it is recalled what can happen in Ohio Supreme Court contests, where voters have the benefit at least of guidance by bar associations, this haphazard method of manning a state school board would belie the purpose of setting up such a board in the first place.

The purpose was to give Ohioans and their children the benefit of a planned and systematically administered educational program. An unplanned, haphazard way of choosing board members would be a poor way to start.

The alternative proposal for manning the state board is to authorize the governor to appoint members qualified and willing to serve, subject to confirmation by the Ohio Senate.

Board service will be a thankless job, as school-board jobs usually are. No one is likely to seek it. But if qualified men were to be sought by the head of the state, Ohio would have a fighting chance to get real benefit from a state board.

Certainly the governor is better equipped to learn who could and would serve capably on such a board than eight million Ohioans.

Key to Formosa

Since every new statement about what the United States is going to do in Formosa adds to the confusion, and statements from the Nationalist Chinese are most confusing of all, the confusion must be intentional.

The key to the Formosa puzzle as far as Americans are concerned would seem to be the recognition of a fact so obvious it is overlooked entirely.

The United States is interested in Formosa for its geography, not its politics. While it would prefer Chiang Kai-shek to Mao Tse-tung and did prefer him, at the cost of billions of dollars, politics is not the issue now. As far as the United States is concerned, the Chinese civil war is over. The side it backed was the loser.

But the fact the losers took refuge on Formosa, which the United States had liberated from the Japanese, caused that strategically placed island to become important in plans for defending both Japan and the Philippines against seizure by a mainland Chinese regime responsive to the will of the Kremlin.

That is the key to Formosa. It is an outpost of defense in the Pacific.

The United States is no longer involved in China's civil war, although Generalissimo Chiang is reluctant to accept that fact. Some Americans seem reluctant to accept it, too, but there is no other way to look at it.

Living Income for Congressmen

The Oklahoma City salesman who sent his congressman a bundle of clothing can laugh the proposed congressional pay raise into oblivion if he tries.

But before he knocks himself out, there's something they might think about that isn't funny.

This is a representative democracy, meaning that Congress is supposed to reflect all the people, not just the people who can afford to go to Congress because their expenses will be taken care of in one way or another.

There are some members of Congress and some citizens who might make first-rate congressmen who can't afford the job. On the other hand, there are members of Congress and some citizens who will run for Congress some day who have so much money the pay is chicken feed relative to their well padded incomes and "prerogatives."

All things being equal, well heeled people are more likely to run for Congress and stay there. The congressman who got attention from the Oklahoma City joker had reported that he is going into the red at the rate of $4,900 a year. Obviously, no citizen without outside income can stay in Congress if he cannot make ends meet.

Congressmen are entitled to enough income to make ends meet without drawing on outside income. If jokers who send bundles to Washington think there's something about keeping congressional service from becoming a monopoly of wealthy citizens and citizens with easy consciences, the rest of us are not amused.

Congressional Pay Raise

By David Lawrence

Present Salary Inadequate for Demands of Office

If the conscience of any member of Congress hurts him about voting for that pay raise of $10,000 a year, there is an easy way out —to give back to the Treasury as much as he likes.

There's precedent for such a gift. Herbert Hoover gave back most of the presidential salary he received while in the White House. He himself never revealed that fact but his friends have told about it. Maybe there are other public servants who have done the same thing and kept it secret.

What a proper salary for members of Congress should be is a very serious matter and goes to the heart of the question of integrity in government.

Many of those in the House of Representatives who voted against the proposed increase — which has yet to pass the Senate—did so because of a conscientious belief that the voters wouldn't approve of it. But it is important that the voters should know all the facts.

-:-

MANY MEMBERS who voted against the increase really deserve to have the higher salary to cover those expenses they have been trying to meet out of their own pockets. Likewise, some who voted for the increase did so out of consideration for the plight of their colleagues, though they themselves didn't need the extra money.

It all comes down to a simple proposition — the American people certainly don't want only rich men in Congress, nor do they want to see members accepting gratuities from constituents or big campaign contributions in appreciation of service they may have rendered.

Members of the House come up for election every two years, so they are constantly in need of campaign funds. Many of them supply it out of their own pockets rather than solicit gifts from constituents who seek special privileges.

The worst phase of the matter is the drain on the funds of a member of Congress by residents of his district or state who feel their congressman or senator is something of an errand boy or personal representative in Washington.

Lots of the things done by members of Congress for people back home are worth thousands of dollars to those who are benefited, yet there is no such thing as a "service charge" or "fee" to be paid. Indeed, it would be highly improper for any such payment to be made.

If, for example, a new Post Office building or a defense installation or some other federal project involving huge sums of money is brought to an area as a result of the efforts of a member of either house, there are citizens who profit by the rise in real estate values and in other ways. They cannot and should not pay for that service. Yet, in the doing of that chore for the people, various expenses are often incurred and in many instances it is the member of Congress who foots the bill rather than become involved in some tansaction which a political opponent could some day uncover and use as a smear.

-:-

IT IS ODD but members of national legislatures the world over have trouble about the size of their salaries. In Britain the Churchill government almost was overthrown last spring because the Labor party insisted on a pay raise and the Conservatives opposed it. Many of them are wealthy and carry on extensive business interests. Only after some Conservatives deserted their leadership was the issue compromised.

Today the pay of a member of the House of Commons is the equivalent of about $2,800 a year, with an extra allowance they may request for each day the House sits. This amounts approximately to about an extra $740 a year.

Curiously enough, the House members in London have no private offices or staffs provided by the government.

In France the pay is equivalent to about $5,000 a year and the 100 Communist deputies contribute about $3,000 apiece directly to the party fund or approximately $300,000 a year, which is quite a sizable help in carrying on Communist propaganda.

In the state legislatures in this country members are poorly paid and it is a scandal that corporations with business before these bodies often retain as counsel for other services members who are lawyers. The labor unions do the same thing.

-:-

MANY MEMBERS of Congress have outside income. Some earn it by getting large fees for speaking before labor unions and trade bodies of various kinds. Others still practice law before state courts. Some have large business interests or derive a big income from investments.

The raise in pay is needed in order to permit the election to Congress of citizens irrespective of their income status. A total of $25,000 a year, out of which comes $4,500 for taxes, or a net of $20,500, is not too much for a member of either the House or the Senate to receive if he is honorably to serve his constituency.

The Last Robin

By TRUMAN TWILL

More personal piffle:

I like the pronunciation of Mao Tse-tung used by my favorite newscaster—Mousey Dung — but doubt if Mousey would recognize his own name.

A recent item here about the first robin being due any minute brought me a ribbing from fellow workers, who said the first robin had been reported six weeks ago. That was the last robin, if you please, not the first one.

Any American who pops off that the United States could lick China in a matter of weeks or months should be placed under psychiatric care. No one ever has licked China, except the factionalized Chinese, themselves.

Year in and year out, the only creatures that never fail to have fun when it snows are dogs, what with rolling down banks and scooping up mouthfuls of the stuff on the run.

Nothing that men wear looks sloppier than double - breasted coats that have been left unbuttoned.

People with a soft spot in their heart for the good old days must get positively mushy about the return of the good old days to the automobile business, unless they happen to be selling automobiles against the fiercest competition since the thirties.

Whether that actor fellow said it or not, "sowbelly and segregation" sure was a tight shoe that pinched the good old South.

I like to believe if anything ever goes wrong with a nuclear fission test and the whole world disintegrates, at least one scientist will have the climatic wit to say "Whoops!" just before he, too, goes pft.

Professional dog handlers frequently use the tails of show dogs as handles to make the mutts stand where the handlers want them to stand, although most dog owners regard this as brutal and inconsiderate.

The crowning absurdity of Mr. Naismith's once - fine game of basketball has been reached when skillful players deliberately draw fouls in the closing seconds of tight games, thereby turning the rules into a farce.

It remains the presidential privilege to catch cold by exposure to inclement weather if he feels like it, but I believe most of us would prefer not to know the deed was done in the course of murdering a brace of game birds in the rain.

Anyone who can retain his sense of humor in a hospital is a dedicated soul determined to see a bright side in adversity.

A mess of little-bitty birds no bigger than biscuits would gobble five pounds of wild-bird seeds at our house a day— if we would give that much to them. But out of deference to the principle of self-reliance and the horrors of the welfare state, they're being rationed, just like the folks inside.

I cannot see why the attempt to get the AFL and CIO under the same tent is so fraught with significance when it's recalled that there never would have been two organizations in the first place if headstrong old John L. Lewis hadn't split away from the AFL.

Whenever I think about getting snow tires the snow starts to melt. The one time I did get them and then it never snowed again for a whole year.

Free Discussion Sign of Healthy Party

By Raymond Moley

The vitality of the Republicans who attended the Lincoln Day meeting in Chicago was a good sign. There were lively protests against what was called the Eisenhower administration's emphasis on internationalism, its Formosa policy, its free spending and its failure to displace more Truman appointees.

Such protests are not dangerous to the success of a great party and they may be productive of much good. There is validity in many of the criticisms which were voiced. They have been the subject of continuous discussion among Republicans in private.

There can be no harm in making them public, especially in a non-election year. They may well prepare the way for a strong Republican appeal in 1956 and they may induce wholesome corrections in administration policies.

-:-

NO USEFUL PURPOSE was served however by some of the talk at the Chicago meeting. Gov. Bracken Lee of Utah is a fine, conservative Republican. But to advocate with Lee the complete repeal of the income tax is as silly as would be a revival of the proposition to repeal all taxes except a levy on land.

The income tax is a potentially terrible instrument. It could with a socialistic Congress in the saddle permit the utter extinction of economic freedom and private property in America. It should have been limited in the extent to which it could capture private income for public use. But to repeal it would be disastrous.

It should be noted also that Gov. Lee advocates this radical reform at the same time that he is asking Congress to pour billions into uneconomic reclamation schemes in Utah and other arid states.

Since Sen. McCarthy has already been subjected to so much criticism I regret to add to the volume. But for him to cry out against the evacuation of the Tachens Islands is to attempt to substitute the sketchy military knowledge of a senator for the considered judgment of the people who are by constitutional authority and the power conferred by Congress vested with such a decision.

-:-

WHEN GEN. MACARTHUR declared that Formosa was essential to the protection of the Philippines and Japan, and thus to our defense most Americans accepted his judgment against that of Dean Acheson. That was a recognition of the authority of our greatest military mind against a political lawyer.

In the case of the Tachens we must vest the determination of what is best for us with the weight of expert authority.

Sen. McCarthy has won the deep devotion of millions of Americans because he came to be the emblem of a great and significant truth. But he violates this devotion when he becomes a mere fault-finder especially when he discusses things in which his judgment is not authoritative.

Distressing feature of the Chicago meeting was the occasional threat of a third party movement. Gen. Robert E. Wood wisely reminded his hearers that this was neither realistic nor timely.

There is not leadership nor support essential at this time for a conservative third party.

-:-

SUCH A MOVEMENT would win the support of a very few of the hardheaded politicians upon whom the drudgery of a campaign must depend. They realize that they have no alternative but to try and win with Eisenhower. As practical men they recognize that Eisenhower represents half a loaf and that to work for his defeat would be suicide.

Both of the major parties are large enough to harbor safely a considerable number of differences. But dissatisfaction need not end in disunion.

The Applause Meter

By Frank Tripp

If there had been one of those meters that register applause in the room, the high for that occasion would have been when President Ike advocated increased pay for Congress, in his last message.

I'd be the last to surmise that Ike deliberately resorted to the ham trick that takes the handcuffs off an audience and sets 'em clapping. Nevertheless the effect of sweet scented salve seems the same in Washington's corridors as at a longshoremen's clambake.

Whoever heard of a speaker being egged for begging higher pay for his listeners?

Just whether the boys who vote away our tax money like it was hay, need, deserve or just plain yen for more pay, this chronicler knoweth not.

But he's dead sure of one thing, that there'll be no party line vote when you next hear about it.

—:—

LEW DOCKSTADER, famed old-time minstrel, had an end man gag that fits the situation—in reverse.

Lew would say to the interlocutor, "Have you heard about the move to reduce congressmen's pay?"

The interlocutor would brush it off with, "Certainly, Mr. Bones; everybody has heard about that," and switch to a different topic.

Repeatedly Lew would go back to the same question, "Have you heard," etc. After half a dozen times the irritated interlocutor would say, "That's enough of that, Lew. Why do you annoy these good people by continually bringing up the subject of reducing congressmen's pay?"

"Because that's the last they're going to hear about it," Lew would reply—and get his laugh.

But, brother, this time you haven't heard the last of it.

—:—

WONDER IF I'm the only guy in the country who isn't sure what party he belongs to. I was brought up by a Massachusetts Democrat father; than which nothing ever was democrater—to coin a short-cut word.

Pop ran out on the party when he thought William G. McAdoo ruined the railroads under Wilson. I stuck till I thought the New Deal ruined American initiative and individualism. Then I ran—but to where?

For example: Tariff and free trade once importantly distinguished the two major parties. The Democrats were free traders. Now we see the white hope of the Republicans and the United Nations pitching Democrat quoits.

The tariff issue is so muddled up that a man with strong notions about it can't tell for sure which party best fits his convictions.

—:—

THE REAL TRAGEDY of it is that the voter most affected by tariff knows and cares the least about it—the American worker. He has been so busy electing the gimme boys that he hasn't decided if it is better for him to have the product of his labor protected against the low wages, slave labor and shenanigans of other countries.

Or better for him that low tariffs give his product a greater world market. He can't tell you which would mean more work, higher pay and more security for his family.

Because political parties and politicians for nearly two generations have made the major issue "something for nothing." So much so that by now the little man is just as confused about the buttered vote gimmicks as he is about the tariff.

—:—

WHAT CAN BE had by honest effort and cautious legislation has given way to who offers more handouts—and makes more dependents, more leeches, cinchers and cheaters among the electorate. To get in, the outs just promise more of the same thing.

The day when citizens picked their party for its stand upon issues which could make or break the American economy seems to have passed among that mass of voters who hold the balance of power.

So, in millions of places across the land, as in the halls of Congress, the applause meter shoots highest when a political pitchman shouts, "More pay, shorter hours."

The Once Over

By H. I. Phillips

To a Vanishing Princess

Blessings on thee, Princess Meg,
On vacation time's first leg;
Lots of luck may fate allow—
You're in need of it — and how!
As you strive for girlish fun
Counting roadblocks, one by one.

-:-

You know what restrictions bar—
What the stiffest routines are—
Where each dull agenda grows—
What the codes and rules impose—
How parades a life can sour
Every hour on the hour!

-:-

You know how a young gal feels
At those endless formal "meals"—
How the day's appointments bore—
What each program has in store.
You know what it is to sigh,
"Some ring doorbells; why can't I? . . .
"Oh, to shout, kick up my heels—
"See how a vacation feels . . .
"Stay up late as I may choose . . .
"Laugh, cavort, take off my shoes . . .
"Romp and play and skip and sing—
"And not dedicate a thing!

-:-

"Why can't I dance on a beach,
"Having all the fun in reach?
"Hearing no voice bark or hiss
" 'England won't approve of this-' "
(Blessings, Princess Meg, on thee—
AND OUR DEEPEST SYMPATHY!)

The situation in France continues to mix people up. . . . We just had a friend ask, "Pfwhat do you pfthink of this man Pflimlin?" and we dodged the question by singing, "The pflast time I pfsaw Pflaris."

A New York Legislative Committee chairman reports, "Our examination of comic books carrying the seal of approval reveals that violence and brutality continue to an intolerable degree." (How simple can ya get?) It has been apparent to almost everybody for a long time that codes of approval, not only in such books but in many TV horror shows, were adopted just for comedy effect. . . . In fact unless kids see the code of approval stamp they tune out of the program convinced it won't be rough enough.

This is dog show time in many parts of the country, and New York just had a big one at Madison Square Garden. . . . Champions in every field calling for "heart" have glorified the Garden, but to us there is no more steadfast heart than that of a dog, and it seemed to this column that no human performers through the years have shown more admirable qualities there than you find in a good "pooch." Somehow the Garden full of top specimens of the dog world reflected a devotion, trustworthiness, reliability and enthusiastic affection never outdone by top champions among the human beings glorified there.

We have been stirred by the greats of the fistic world, the hell-for-leather hockey players, the famed basketballers, the runners and athletes of every field but who could say that a dog, just about man's best friend, didn't belong in such company? In the lowliest pooch we have always seen the qualities of a real "champ." . . . A dag has just about everything. . . . It enters Madison Square Garden and all other great sports places by right of character, record and performance. . . . And to be a dog show champion — Best in the Show — is to win a pretty choice title.

Church Briefs From the District

A service of communion will be held at morning worship hour of St. Paul Lutheran Church at Prospect Sunday. The sermon will be on "The Path to True Greatness." Adult membership class meets at the church Sunday at 7.45 p.m. Monday night a special meeting of the church council will be held.

First Lenten service of the season will be next week. Ash Wednesday night at 7.45. The sermon will be "And They Took Jesus and Led Him Away." This will be the first in a series on the general theme of "The Story Told on Calvary." Senior Choir rehearsal will be following, at 9.

World Day of Prayer service will be Friday night at St. Paul Church in Waldo for Lutheran churches of the area. Rev. Theodore Partridge of St. Paul Church at Cardington will give the message. Senior and junior confirmation classes for Prospect St. Paul Church are scheduled for Saturdays at 8.45 and 10 a.m. respectively.

—:—

In keeping with the denominational Crusade for World Order, the sermon Sunday morning at the Methodist Church in Prospect will be "The Blessedness of Peacemaking," based on Christ's Sermon on the Mount.

Last session of the School of Mission for Primary Department children will be Sunday morning. A film will be shown. The following Sunday at 10:30 a.m. the School of Missions for the Junior Department will be started under direction of Mrs. Phillip Hastings, in the north basement room. Thursday afternoon Mission Study Class meets in the pastor's study. Junior Catechism Class will be at 9 a.m. Saturday and Senior Class at 10. Adult Catechism Class is set for Sunday at 9:30 a.m. at the parsonage.

Intermediate and Senior Youth Fellowships will meet Sunday at 6 p.m. in the Sunday School Room in preparation for a joint worship service. Separate recreation periods and business sessions will follow.

—:—

Sermon theme Sunday morning at First Methodist Church in Richwood will be "Riders for Wild Horses."

—:—

Guest speaker Sunday morning at the Summersville Friends Church will be Robert Boyce, a ministerial student at the Circleville Mount of Praise Bible School. Christian Endeavor will be held at 7.15 p.m. but evening preaching service will be dismissed to permit members to attend showing of a religious film, "The Missing Chrisitans," at the York EUB Church. Mr. and Mrs. Charles Nichols will open their home for the cottage prayer meeting Thursday night.

Bible Words for Today

ROMANS 8:28—"We know that in everything God works for good with those who love Him, who are called according to his purpose." (RSV)

* * *

Christian faith finds great encouragement and strength in the assurance that God works continuously for good in all things. This affirms that our universe has spiritual goals. God initiates good and supports all efforts to achieve the good. He brings evil to account and judgment.

However, God cannot secure the good He purposes without the voluntary cooperation of man. One of God's chief purposes is to have men become co-workers with him in achieving good. He must work with and through men who believe in the good and who are fully committed to working for the good. All the resources of God and His universe are upholding those who commit themselves with all their strength and abilities to secure good for all men.

Men of love and good will can have what their faith expects when they become co-workers with God in achieving His purposes. Co-workers with God must employ the methods and processes of God's love.

Physician From Oregon To Open Galion Office

GALION—Around March 1, Galion will have a new doctor of medicine. He is Dr. Charles D. Skinner of Corvallis, Ore. who is coming here to conduct a general practice.

Dr. Skinner, a veteran of World War II, has purchased the home of Mr. and Mrs. Leon Rick, which will be used as a home and office. The new doctor is married and has five children. While he has specialized in obstetrics, he is planning to practice general medicine in Galion.

Mr. and Mrs. Rick and daughter, Meroe, are purchasing a new home on Maple Drive,

Yankees Lagging

Major Leagues' Pre-Season Ticket Sales Show Increase

By ORLO ROBERTSON
Associated Press Staff Writer

Major league baseball clubs can look forward to a prosperous 1955 on the basis of advance sale of tickets

With only one or two exceptions, and one of those is the New York Yankees, the clubs reported an increase in advance sales over 1954 in a survey by The Associated Press

The increase is in line with the over-all jump last year, when the attendance climbed 9 7 per cent over the preceding season on a turnout of 15 935,881.

The Yankees advance is in excess of $90 000 but they are about 10 per cent off last year s figures A week ago, the Pittsburgh Pirates had advance sales of $326 811 compared with $328,214

Both the world champion New York Giants and the American League titleholders, the Cleveland Indians, are well satisfied The Giants ticket sales have passed a record half-million dollars whereas the entire advance up to the opening day in 1954 was only $322,000

The Indians said they do not keep comparative records but that sales are running ahead of last year when the club did around a million dollars in advance sales

The Brooklyn Dodgers, benefiting from clever promotions, are at the $600 000 mark, almost 15 per cent higher than a year ago

Requests are coming in so fast at the new home of the Athletics in Kansas City that the club has not had time to strike a total But officials said the advance sale already has surpassed the 304 666 attendance for the entire season last year in Philadelphia

Baltimore where the transplanted Browns improved in attendance but not much in the standings last year, had $550,000 in the till as of Feb 13 compared with an estimated $470,000 in 1954

Milwaukee, which topped all clubs last year with an attendance in excess of two million, estimated its advance sale at or close to a million

The Phillies reported about 200 000 tickets sold for a 10 per cent jump over last year at the same time

Cincinnati officials said they are running about 18 per cent ahead of last year The Boston Red Sox reported an estimated increase of 5 per cent, the Chicago Cubs 7 per cent in season tickets and 11 per cent in daily tickets and the Detroit Tigers 10 per cent

The Chicago White Sox report sales of $410 000 compared with $349 000 last year. The St. Louis Cardinals also said their ticket sales are running slightly better than last year

No specific figures were available from the Washington Senators but Business Manager Ed Eynon said "Our requests for season tickets have been very favorable '

Green Camp, 20-30 Club Post Victories

Green Camp and the 20-30 Club captured victories last night in the second week of play in the YMCA s "Old Man s Basketball League ' The League, composed of five teams, is organized on a house league basis and played on Thursday of each week

Green Camp came back last night after a loss to the Erie team last week to defeat the Y house team 29 20 The winners moved to an early lead and except for a tie score in the second period headed their opponents throughout the remainder of the game Wayne Weston flipped in 12 points to lead the Green Camp scoring while Myron Ferry added 6 Bob Kelly topped the Y House team with 7 points while Irv Fireman and Tom Clark followed with six and five points each

The 20-30 Club and the Erie staged a rugged affair with the 20-30 crew racking up a 27-21 win for its second straight victory The winners maintained a slim lead from start to finish but wrapped up the game in the final two minutes by dropping in a total of five free throws Tom Lavin paced the Erie with a total of 12 points from his spot around the boards while Harry Mauk was high for the winners with 9

The YMCA House league is played under special rules which are set up to control the fast break Technical fouls are called for guarding in the back court after the ball has changed possession and all players on the offensive team must be in a position behind the man with the ball when he dribbles or brings the ball over the 10 second line into the forward court

Trojans Facing Pair of Rugged Road Contests

COLUMBUS Ohio (AP) — Portsmouth s Trojans have hit the make or break" spot in their bid to retain top place in The Associated Press poll of high school basketball teams

The river city crew roaring along with a 15-1 record, gets a chance to prove its class on foreign floors as the Trojans invade Mansfield (13 5) tonight and Lima Central (10 4) Saturday

Both Mansfield and Lima boast better offensive averages than the Trojans but Portsmouth with a 48 7 mark, is the best on defense Mansfield and Lima are scoring at a 68 plus clip to Portsmouth's 65 5

Portsmouth probably will have to win both to stay atop the poll since Columbus East only team to beat the Trojans this year and firmly bedded in second place has only Columbus Aquinas (2 16) to dispose of tonight And third place Findlay, only unbeaten team in the top 10 and moving up fast in recent weeks faces a not-too-strong Bowling Green squad. Findlay has won 17 in a row.

The schedule for the others in the elite class

Carlton McKinley (4) plays Alliance tonight and at East Liverpool Saturday Gallipolis (5) defeated Oak Hill 85 50 Tuesday plays Logan tonight Mansfield (6) entertains Portsmouth, Middletown (7) plays defending champion Hamilton at Cincinnati Garden, Toledo Libbey (8) plays Sandusky, Struthers (9) defeated Austintown-Fitch 58 52 Tuesday, meets Memorial and Springfield (10) is host to Dayton Stivers, in tonight s contests

Vienna's unbeaten Class B leaders after an 89-33 win over Vernon Tuesday night are idle until Monday in the Trumbull County tournament Runner-up Lockland Wayne defeated New Richmond 85-33 last night in the opening round of the exempted village tournament at Lockland

Robinson and Holmes-Liberty Win Crawford County Contests

BUCYRUS — North Robinson edged Lykens, 56-53 and Sulphur Springs walloped Holmes-Liberty, 71-45 in championship bracket games of the Crawford County Class B tournament here last night both teams advancing to the semi-finals Monday night

Tiro, winless in 15 starts, scored an upset victory over Whetstone, 50-37, in a consolation bracket game

North Robinson gained its win in the last minute of play when John McMichael tossed in a free throw and Brad Chandler hit a fielder after the score was deadlocked at 53-all on Ralph Kisor's goal

Big John Blackford got 25 for Robinson while Marlow Ransom was high for the losers with 22 including 12 free throws in 14 attempts

Sulphur Springs romped over Holmes-Liberty, leading 48-20 going into the final period Dick Gray was high for the winners with 21 Terry Miller finishing second with 18

Expert Offers New Hope To Persons Losing Their Hair

BULLETIN

Mr D. W Erickson representing the Erickson Hair and scalp Specialists of Chicago will be in Marion on Saturday, Feb. 19 at the Harding Hotel where he will give you a private examination and make professional recommendations for home treatment of your hair problems. Clinic hours are from 1 p m. to 9 p m. Drop in anytime during those hours. Ask for the Erickson suite where the friendly Erickson representative will talk with you privately. No embarrassment. No obligation.

CHICAGO, Feb 17 — D. W Erickson, energetic, young trichologist, who heads the national organization of Erickson Hair and Scalp Specialists, exploded the "nothing-can-be-done for thinning hair" myth today In an exclusive interview Erickson stated that his files contain reports from his many current clients proving his new professional home treatment system is checking hair fall, relieving scaling and unsightly dandruff and stimulating thicker hair

"My clients from coast-to-coast," Erickson said, "report thicker, stronger, more virile hair —not full heads of hair on shiny bald plates, but hair, nevertheless, that can be seen and combed.

Pertinent Questions

"How can you expect healthy hair to grow through infected dandruff scales, or flourish on scalps that are either excessively oily or over dry?" Erickson asked. "Neglect and poor hair hygiene are the beginnings of 85 per cent of all cases of premature baldness today," Erickson explained "How can you expect a scalp that is cleansed only 1/10th or 1/100th as often as the rest of the body to maintain its normal function of growing hair?"

What About Heredity

Erickson dodged no issues He swung quickly into the controversial subject of heredity "Unfortunately many people misunderstand the meaning of heredity They think they have to go bald because other members of their family are bald. Actually, the theory of heredity merely states that some families have a tendency toward a weak scalp. My system is based on bringing strength back to that weak scalp. A strong scalp is a productive one"

Fuzz Becomes Healthy Hair

Erickson, who has directed some of the largest clinics in the United States and Canada, has shown startling results through his new professional home treatment system Hundreds of his clients will tell you that the application of these methods has developed weak fuzz into healthy mature hair "If there is any fuzz at all," Erickson said, "we can restore a healthy scalp condition and the hair will grow normally again as nature intended"

Hopeless Cases Not Accepted

"To combat the 18 local scalp disorders that arise, my system is based on special formulae selected to meet each particular condition and to bring about renewed and continued scalp health. All our clients start with a private examination to determine the proper formulae to use. About 5 per cent of those examined are not accepted into treatment because they are judged hopeless"

When to Start Treatment

"What can be done for men and women with thinning hair or threatened baldness can best be done in the early stages" Erickson remarked "Dandruff itching, excessive dryness or oiliness are symptoms of a deteriorating scalp These symptoms mean that each day the condition remains in the scalp a little less can be done to save the hair, to restore it to full and active growth"

Treatment Guaranteed

"Because we know our system works, we unconditionally guarantee refunds to any client at the end of 30 days if he does not feel that he is being helped.

"In addition to regular reports of progress sent by the client for the home office, I personally spend 80 per cent of my time visiting the many cities in which our clients live Much credit for our successful results, I believe, is due to the time we spend on each separate case" Erickson added

"With the guarantee we offer, the only risk lies with the Erickson organization. Make the most of this opportunity to protect that head of hair and insure its continued strength and health all through your life"

D. W. Erickson of the Erickson Hair and Scalp Specialists will be at the Harding Hotel in Marion, phone 2-1171 on Saturday, Feb. 19, 1 p m. to 9 p m. Don't miss this opportunity to check up on your hair and scalp.

Conference Held at OSU

Storage Facilities Called State's Top Water Need

COLUMBUS, Ohio (AP) — A New Philadelphia man said today Ohio's greatest water problem is that of finding and acquiring storage facilities.

Bryce Browning, secretary-treasurer of the Muskingum Watershed Conservancy District, spoke at a morning session of the annual Ohio Water Clinic Conference at Ohio State University.

Browning said many authorities believe increasing costs of labor, equipment, seed and fertilizers will make it impractical for farmers to continue to gamble on availability of water. From a purely economic standpoint, he added, all crop production must soon require irrigation.

Annual Rainfall Sufficient

"Despite wasteful practices," he said, "our annual precipitation is still sufficient for present and future needs if adequate use is made of it.

"Our greatest need if for finding and acquiring of adequate storage areas for our surplus rainfall in order that it may be available when needed.

"The increasing competition for valley lands by municipalities, utilities, industries, super-highways and other costly developments, endangers any surface storage problem. Except as the needs are quickly determined, there is great danger that the costs may become so high as to make the entire program seem financially impractical."

Lack of Initiative

Browning said he recently has become "increasingly discouraged" as to the possibility Ohio will lead in providing the local initiative necessary to forestall expansion of federal water conservation programs.

"We are doing a wonderful job of talking," he said, "but I see little evidence of real action.

"The work done by the Governor's Water Advisory Committee and the Ohio Forestry Assn. is encouraging. But without further accomplishment it may have little effect."

He said the Ohio Conservancy Act, with certain needed amendments, offers "the most practical basis" for undertaking water studies and water programs."

The two-day conference ends today.

Other Speakers

Yesterday's speakers and their main points included:

Edward J. Cleary, Cincinnati, executive director and chief engineer of the Ohio River Valley Water Sanitation Commission: "Prosperity of the Ohio River Valley, which holds the nation's greatest concentration of industry, depends on safeguarding the area's water resources."

E. Gene Fournace, Canton, chairman of the governor's executive committee on the state's water problems: "The problem is . . . how to make the best use of what amounts to an abundant supply of water over the years."

W. W. Towne, chief of Water Supply and Pollution Control Field Service, U. S. Public Health Service, Cincinnati: "The nation will have to build municipal sewage treatment plants at the stepped-up rate of half a billion dollars annually for the next 10 years."

C. V. Youngquist, chief of the Ohio Division of Water, suggested an overhaul of present water policy, and establishment of a federal water resources board, handling water problems.

Dr. Ralph E. Dwork, state health director: "We are making rapid progress against water pullution in Ohio . . . because people have become aware of the seriousness and danger of water pollution, and have determined to do something about it."

2 Indicted Officials Will Be Furnished Bill of Particulars

COLUMBUS, Ohio (AP)—Franklin County Prosecutor Frank H. Kearns and County Detective Fred W. Selby today are to get a "bill of particulars" on indictments remaining against them.

Atty. Robert E. ALbright, one of three special prosecutors in the case, yesterday said the expanded details would be available, as ordered earlier this week by Common Pleas Judge Ralph J. Bartlett.

Judge Bartlett yesterday voided 16 embezzlement counts returned against Kearns by the grand jury and 11 returned against Selby.

The judge said the dismissals stemmed from "technical errors only."

Still pending are charges of soliciting a bribe and compounding a crime against both Kearns and Selby; and charges of bribery, obstructing justice and a single embezzlement count against Kearns.

Police in Baltimore Find Stolen Radiator Still Hot

BALTIMORE (AP) — Three men were jailed here yesterday for stealing a radiator from an apartment building about to be dismantled.

Police testified the radiator was still heated—fresh off the pipes.

As he sent Frank Johnson to jail for 30 days and gave Wallace Clavon and Harry Thomas 15-day terms, Magistrate Howard L. Aaron commented:

"I've heard about people who would steal anything but a hot stove, but here is a case of stealing a hot radiator."

Expert on Communications Will Address Altrusa Club

A highlight of the Marion Altrusa Club's post-holiday season will be a talk by Mrs. Dorothy Lewis, coordinator of the American Broadcasts, United Nations Radio Division, Tuesday evening at Hotel Harding. She will be the guest speaker on the club's February dinner meeting and will speak on "Communication's Role in Covering International Relations."

The dinner and program are open to anyone interested in hearing Mrs. Lewis. Dinner reservations may be made with Miss Helen. Bowe. The program will get under way at 8 o'clock following the dinner scheduled for 7:45 p.m.

A member of many national women's organizations, she also is author of a number of booklets and radio articles. She is the founder of the Association of Women Broadcasters which later became the American Women in Radio and Television and in 1952 was made an honorary life member of the organization.

In 1952 she was presented the "woman of achievement" award by the fraternity of journalism, and as international chairman for the American Mothers Committee she was instrumental in bringing Senora Dona Rosa Markman de Gonzalez Videla, wife of the president of Chile, to New York to receive the first "world award to mother" on May 9, 1852. She also was cited by the radio industry at the convention for the United Nations communication campaign the same year. She has been cited for distinguished service by the United Red Feather Campaigns of America and was elected co-president of the International Association of Radio Women at Amsterdam in 1951.

Mrs. Dorothy Lewis

Mrs. Lewis will arrive in Marion from New York Tuesday morning by train.

Woman Gets 1 to 3 Year Sentence in Relief Fraud

CLEVELAND (AP)—Mrs. Juanita Hudson was sentenced yesterday to one to three years in the Marysville Reformatory for relief fraud. Court attaches said they believed it was the first such sentence in Cleveland history.

The 34-year-old woman pleaded guilty.

Investigators said she received $3,701 in relief payments between Nov. 18, 1950, and Oct. 1, 1953. They added she had taken the money and concealed from investigators that her husband was working and that she was employed as a hotel maid.

She was on relief for 10 years, until November, 1953.

Mrs. Hudson told authorities she took the money for her teen-age daughter.

Pennsylvanian Hopes To Open Local Factory

Leases Marion Brass And Bronze Foundry, Seeks New Business

The Marion Brass and Bronze Foundry, Inc., building and facilities on Barnhart St., closed since December, have been leased to a Pennsylvania man who will attempt to restart the business.

He is Harry H. Taylor, who Tuesday signed a five-year lease of the plant from the Marion Brass and Bronze Foundry, Inc., of which Arthur F. Miller of Elizabeth, N. J., is president. The lease contains an option clause which will permit Taylor to purchase the property outright during the effective time of the lease.

Seeks Orders

At present, Taylor is seeking orders for the bearings and bushings formerly made at the plant. Reopening of the firm will depend on the number of orders which can be obtained, Taylor said Wednesday.

The plant was started in 1917 by Richard A. Lau, who operated it until he sold it last year to Marion Brass and Bronze Foundry, Inc. Products from the plant are used in power shovels, graders, motors, and other machinery.

Taylor said he will "try to follow in Lau's footsteps" in reorganizing the business. An average of 25 persons were employed at the factory when it was in operation. There are 14,000 to 15,000 square feet of floor space in the shop.

Was Plant Manager

Taylor is experienced in the foundry business, having been employed by the Johnson Bronze Co., Inc., of New Castle, Pa. 23 years. His last position there was as plant manager.

Counsel for the Marion Brass and Bronze Foundry, Inc., was the Marion firm of Guthery, Harmon, Conkle and Gracely. Taylor was represented by Marshall G. Matheny of the firm of Matthews and Matheny of New Castle.

Killing

(Continued From Page 1)

each other. He knocked her down, and she called him a name.

That angered him. He slapped her hard. She ran toward the other pond but he caught her and tore off her jacket and blouse as she struggled in his grasp.

He fondled her upper body but she broke free and ran again. Again he caught her and fell on top of her with his open pocket knife in his hand. The first stabbing was "accidental." But the sight of blood did something to him and he stabbed the girl's body repeatedly until the blade of his pocket knife broke. Then he opened a smaller blade and slashed her more.

Then he dragged her by the leg to the pond. As her exposed body touched the icy water, she cried out. He grabbed a large rock and hit her three times on the head before abandoning her in the water.

Ziem said he probably will seek a waiver of juvenile court jurisdiction so Floyd can be prosecuted for murder.

Police closed in on the skating pond area immediately after the slaying was reported and began questioning every boy they saw. Floyd was one of many boys picked up in police cars for questioning. Officers, not satisfied with his answers, went to his home and found blood-soaked clothing under his bed. The said he immediately admitted the crime.

Weather Report

Increasing cloudiness tonight, low 26-32. Saturday cloudy and somewhat milder with occasional rain, probably mixed with snow north portion.

OHIO FIVE-DAY FORECAST

Temperatures will average near normal. Normal maximum, 37 north, 46 south. Normal minimum, 21 north, 26 south. Warmer Saturday, colder Sunday and Monday, warmer Tuesday and Wednesday. Rain Saturday, probably mixed with snow northeast portion, turning to snow flurries Sunday. Rain or snow again Wednesday.

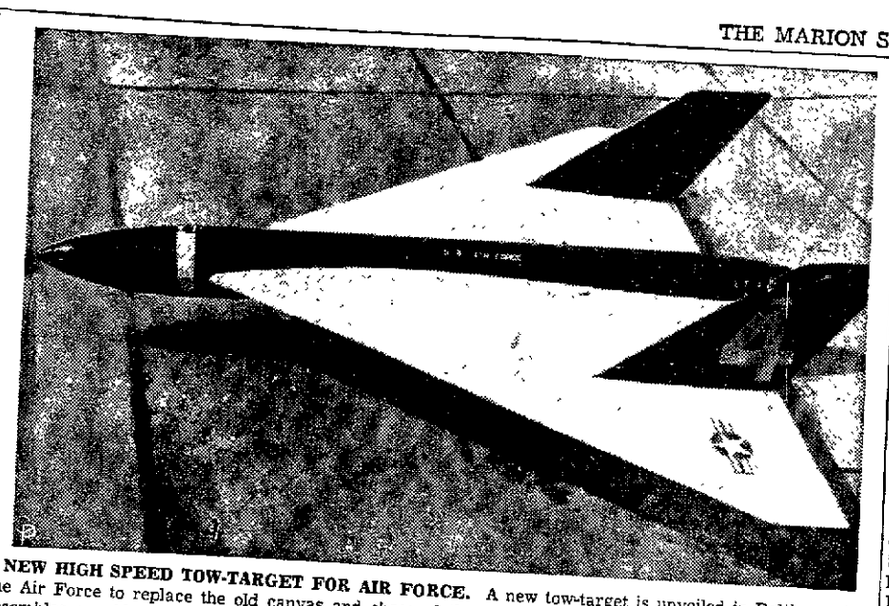
TODAY'S ALMANAC

Sun rises at 7:20 a.m. and sets at 6:13 p.m.



NEW HIGH SPEED TOW-TARGET FOR AIR FORCE. A new tow-target is unveiled in Baltimore by the Air Force to replace the old canvas and cheesecloth type previously used. The new device, which resembles a guided missile, is capable of going in excess of 600 miles an hour. The high speed is necessary for testing the efficiency of complex fire-control systems of modern aircraft and to provide important data for engineering.

5 Minor Auto Mishaps Occur In City, County

Four minor traffic accidents were investigated Thursday by Marion police. State highway patrolmen reported one minor injury accident on county roads.

Cars driven by A. D. McGuire, 32, of 920 E. Mark St. and J. E. Hudkins, 19, of 769 N. State St. collided in the 300 block on E. Fairground St. at 11:36 p.m. Thursday. McGuire was charged, by city police with driving without a license. He was to appear in Municipal Court later.

Each of the three other collisions in the city caused less than $100 total damage, police estimated.

Prospect Man Hurt

One person sustained a slight injury in an accident investigated Thursday morning by state highway patrolmen.

Vernon E. Denman, 57, of near Prospect, suffered a laceration over the right eye when the truck he was driving collided with another truck driven by Robert K. Liming, 26, of near Upper Sandusky.

The accident occurred on a Waldo Township road about seven miles south of Marion and four miles east of Route 203, at 9:55 a.m.

Liming was southbound on the township road and Denman was pulling out of a driveway when they collided, patrolmen reported. Slight damage resulted to the left front end of the Liming vehicle and extensive damage to the right front fender of the Denman truck.

Denman was cited to appear this morning before Municipal Judge W. Dexter Hazen on a charge of failing to yield the right of way.

Flemming

(Continued From Page 1)

Columbus to hear the committee's report.

Board President Harvey O. Yoder of Cleveland said President Eisenhower and Treasury Secretary George Humphrey had written him indicating Flemming's further service in the defense post is "practically imperative."

"The purpose of this note," President Eisenhower wrote, "is to tell you of my conviction that for Dr. Flemming now to give up his post in the federal government would be a severe blow to the country. I think that the best interests of our people demand that he continue for the present to serve in a post that in these times of tension demands the utmost in ability, character and patriotism."

"Naturally I deplore the necessity of his resigning from such a distinguished institution as Ohio Wesleyan," he continued.

—:—

HUMPHREY'S LETTER also praised Flemming's work in his governmental post.

After receiving Flemming's resignation, the OWU trustees set up a special committee to meet with Flemming and prepare a report for the March meeting. Members of the committees are five trustees — Philip C. Ebeling of Dayton, chairman; Charles B. Mills of Marysville, J. J. Nance of Detroit, Homer C. Lucas and Bishop Hazen G. Werner of Columbus; two faculty members, Benjamin Spencer and Eugene Clark, and Alumni Directors' President, Francis I. Hughes of Indianapolis, Ind.

—:—

FROM THE COMMITTEE'S report, trustees hope to learn whether the current leave of the Ohio Wesleyan president will be extended beyond June, 1955, whether he will give up his job in Washington, D. C., or whether trustees must begin at once to look for a new president.

Flemming, a 1927 graduate of Ohio Wesleyan, was chosen by the university as its president in 1948. He was the first alumnus in that office and the first layman. In 1951 he was named assistant director of defense mobilization during which time he spent five days a week in the nation's capital, flying back to Delaware over the weekend.

When Eisenhower was elected, Flemming was made director of the defense mobilization office and a member of the National Security Council. During his leave of absence from OWU, Dean C. E. Ficken has been interim president.

Girl, 3, Hospitalized By Serious Burns

A three-year-old Marion girl is reported in "fair" condition in Marion General Hospital today with second and third degree burns suffered when her dress caught fire at her home Thursday night.

Mrs. Sharon Robinson of 266 Patterson St. told police her daughter's dress caught fire from a small open gas heater in their home shortly before 6:30 p.m. The girl, Ella Lee, was burned on her right side and right arm.

Mrs. Robinson and an older daughter, Linda Henderson, 11, also suffered minor burns to their hands and arms when they tore the flaming dress off Ella Lee. They were treated and released at the hospital.

Cerebral Palsy Meeting Slated Tonight at YMCA

Two representatives of the state and national Cerebral Palsy Association will speak at a public meeting at 7:30 p. m. tonight at the YMCA.

They are John F. McNulty of the national office in New York, and Mrs. Norman T. Auburn of Akron, president of the state organization. The meeting is being sponsored by the United Cerebral Palsy Association of Marion County and Vicinity. Dr. Frank C. Vogt is president of the local group.

FENDER SKIRTS STOLEN

Theft of two fender skirts valued at $12 from his car parked in front of his home was reported to police Thursday by Bernard Gallagher of 570 Uncapher Ave. He said the fender skirts were stolen sometume Wednesday night.

Committee Begins Work on Institute Of Christian Living

To get an advance start on work involved in shaping up the annual Institute for Christian Living to be held in the fall, a group of ministers met with the general chairman, Clifford H. Indoe, Wednesday morning. Mr. Indoe was appointed by the Marion County Council of Churches to serve the second year as chairman when the first council meeting of the year was held last month.

In connection with his interest in the local institute project he attended a meeting of the Division of Christian Education of the National Council of Churches at Cincinnati last week and conferred with the national leaders there.

He announced that there will be a group of nearly 70 from churches in Marion and the county working on various committees. The institute will be held on the five Monday nights of October.

Chairmen of the committees were announced as Rev. L. Harrison Ludwig of Salem Evangelical and Reformed Church, president of the council of churches, curriculum and teachers; Rev. Irvin W. Emmons of First Presbyterian Church, speakers for the general assembly; Rev. Walter C. Eyster of Epworth Methodist Church, workshop; Rev. J. Paul Goebel of First Evangelical and Reformed Church, music and ushers; Rev. Ashley Booth of Central Christian Church, publicity; Rev. Fletcher Shoup of Prospect Street Methodist Church, registration; and Rev. C. R. Wendell of Calvary EUB Church, finances.

These private boasts, coupled with the increasingly strong public stands, are regarded as going beyond normal propaganda in such a situation. In effect, the Chinese Communist leaders are nailing themselves to a program of force.

That has some top American officials worried. However, officials declared that Secretary of State Dulles meant exactly what he said in New York Wednesday night. Dulles asserted that the free nations could not make concessions in the Far East to try to induce the Communists to be peaceful without gravely imperiling the confidence of the free peoples of Asia.

British officials are convinced that the Soviet Union is trying to use its influence to keep Red China from precipitating a big war in the Formosa area. The British themselves are using on the Chinese Reds all the persuasive arguments they can think of.

But neither they nor American leaders have any confidence that the Reds will not engage in some kind of military action, although this country has indicated it would bargain on the coastal islands if the Reds were willing to renounce efforts to take Formosa by force.

The best hope seems to be that any move the Communists undertake will be designed initially as probing operations.

K. of P. Lodges Observe Highway Courtesy Week

Charge Against Youth in Auto Theft Reduced

A charge of auto theft against the oldest of the five youths arrested Feb. 6 by city police after a stolen car crashed into a tree was reduced in Marion Municipal Court Thursday to one of tampering with an automobile.

On the reduced charge, Lloyd E. Hoffman, 18, of 314 Chicago Ave., was fined $25 and costs and sentenced to 30 days in jail with 20 days of the jail term suspended by Judge W. Dexter Hazen.

This sentence was comparable to those meted out to three of the other four youths, all 16-year-olds, in Marion County Juvenile Court last week on charges of auto theft. Each of the three was placed in the Marion County Detention Home for 10 days, fined $25 and costs, placed on an indefinite period of probation and their driver's licenses were suspended for one year.

Hoffman appeared in Municipal Court rather than Juvenile Court because of his age. He does not have a driver's license.

The other youth arrested, also 16, was ordered sent to the Juvenile Diagnostic Center in Columbus for observation after which he will be returned to Juvenile Court for further disposition.

The youths told authorities they had taken the car from its parking place on the street and had driven around the city for about 10 miles before it skidded at an intersection and crashed into a tree.

Ben-Gurion Returns To High Post in Israel

JERUSALEM (AP)—Israel's first Premier, David Ben-Gurion, agreed last night to end his desert retirement and become defense minister again.

Ben-Gurion has been living on an agricultural project in the Negev Desert since quitting his dual post of premier and defense minister 14 months ago. He takes the defense post from Pinchas Lavon, who resigned for undisclosed reasons last night from Premier Moshe Sharrett's coalition cabinet.

Proposals Exceed Revenues

Trim Plans or Levy New Taxes, Legislators Hear

COLUMBUS, Ohio (AP)—Ohio legislators proposed spending measures exceeding 385 million dollars while awaiting a state budget expected to carry more than double that sum.

Rep. J. Frank McClure (R-Ashland), House Finance Committee chairman, compiled the figures today from bills introduced during the first six weeks of the current session.

He omitted proposed salary increases and duplication of identical measures offered in the Senate and House.

Would Mean New Taxes

Expressing concern over the willingness of some law-makers to spend state money, McClure warned that enactment of the multi-million dollar proposals would require new taxes.

He pointed out that Republican House and Senate leaders in the GOP - controlled Legislature have taken firm stands against new taxes.

Democrat Gov. Frank J. Lausche also has issued similar warnings. The governor said his budget to provide funds for operating the state for the next two years is being printed.

Without disclosing the total, Lausche said he probably would present his biennial budget to the Legislature Feb. 28.

Two years ago the governor asked 831 millions to operate the state. The Legislature appropriated more than 835 millions. Recent estimates said Ohio would end the biennium next June 30 with a surplus of more than 40 millions.

McClure predicted the new budget would contain what he termed a more realistic estimate of revenues. That, he added, virtually precludes any state surplus in the next two-year period.

Lausche, long an advocate of no-new-taxes, has depended on surpluses to finance new state buildings and other capital improvements.

Republican leaders have called for inclusion of capital improvements in the state budget. The improvements have been provided for in measures for "additions and betterments."

Veteran legislators said McClure has continued the "treasury watchdog" attitude of a former finance chairman, the late Paul Ballard of Jackson.

When spending proposals in former sessions appeared to Ballard to be getting out of hand, he would take the floor and shout:

"Somebody seems to think we've struck oil under the Statehouse."

Highway Expenditures

Spending proposals listed by McClure included a quarter of a billion dollars for highways. Although voters authorized bond issues for new construction, McClure noted that bonds would pledge future tax revenues to retire the bonds.

Proposed appropriations included: 28 millions for local governments, 25 for capital improvements, 15 for school construction and repairs, 5 for a state archieves building, 6 for Cleveland State Hospital, 5 for small dams on Ohio streams, 3 to hospitals for nurse training, 3 for Hawthornden State Hospital, 5 for Longview State Hospital, 3½ for poor relief, nearly 2 for a center for the physically handicapped and disabled, 1½ for Gallipolis State Institute, 5 for an Ohio State University hospital wing, 4½ for the Columbus State School, 12 for school buildings and 10 in four separate proposals for state hospitals at Dayton.

Kiwanis Holds Annual Ladies Night Program

Entertainment for the ladies night program of the Kiwanis Club at Hotel Harding Thursday evening was provided by George W. Lane and his "Stardusters Review."

Members of the band were Don Brch, Don Braden, Nancy Cramer, Wilma Taylor, Tom Jenkins, Craig Anderson, Steve Stafford, Ernie Adams, Chuck Kaelber, Jim Williams, Tom Coss, John Barnhart and Roger Jamison.

The Marionettes, a sextette of Harding High School girls, also appeared on the program. Members of this group are Sally Schneider, Sally Waddell, Cynthia Moore, Carol Greenbam, Mickey Umbaugh and Kay Montgomery.

Vocal soloist with the band was Suzie Carey. Other features of the program were a monologe by Cynthia Moore; a tap dance by Mickey Umbaugh and Alma Turner; and a comedy skit by Roger Fogle.

The program was arranged by Richard Myers and his social committee. Guests were Mrs. W. E. Orcutt and Mr. and Mrs. Robert Martin.

High School Dance Planned in Galion

GALION — Miss Patricia Mayer, a senior, will reign as queen at the homecoming dance tonight in the junior high gymnasium following the Galion-Upper Sandusky High School basketball game. She is the daughter of Mr. and Mrs. Robert Mayer.

The dance and other festivites are being sponsored by the staff of The Spy, senior year book for which John Rogers is faculty sponsor.

Tom Quay, Galion's star center will be serving as honorary captain during the game and will be the queen's escort at the dance. She will have Carol Hartwell and Ruth Ann Henry as senior attendants; Beverly Boutwell and Mary Lou Crase, junior attendants; and Barbara Sherer and Barbara Clayton as sophomore attendants.

The senior boys of the varsity team will serve as escorts to the attendants. They are Dick Ekin, Ben Gottfried, Herb Miller, Harold Garverick, Tom Mansperger and Bob Mogan.

The group will be introduced between the preliminary and varsity games.

Secretary of Navy Sees No Immediate Conflict

NEW YORK (AP)—Secretary of the Navy Charles S. Thomas predicts no immediate war in Formosa Strait because—as he puts it—for the first time in the cold war the Reds "came face to face with the harsh realities of sea power."

Thomas, in a speech last night on the 160th anniversary of the Naval Supply Corps, said Formosa will remain a problem for the United States because it is a part of a "pattern" for Communist conquests.

IN BIGGEST PICKLE

CHICAGO (AP)—Georgi Malenkov, deposed Russian premier, has been named "Man in the Biggest Pickle" by the National Pickle Packers Assn.

Man Sent to Jail For Carrying Gun

Sampson M. Cosey of 749 N. State St. this morning was sentenced to 10 days in Marion County Jail and fined $300 and costs in Common Pleas Court on a charge of carrying a concealed weapon.

Cosey had pleaded guilty to the charge earlier this month, but sentence was delayed until this morning while Judge Paul D. Smith had the case under advisement.

Cosey had been indicted by the January term of the grand jury. He was arrested on a traffic charge by state patrolmen from the Marion post. They found a loaded pistol under the seat of his car.

The court also set March 14 as the trial date for H. D. Kempton of Green Camp. Kempton is charged with embezzling more than $18,000 from the Green Camp Elevator while he was manager there. Jurors who will hear the case have been notified, court officials said this morning.

"The Bangkok conference will enable the free nations of the West and of the East to begin a vital demonstration. They can show that, through association as sovereign nations, they can each help the other to independence, security and well-being."

A working committee of representatives of the eight Manila Pact nations—the United States, the Philippines, Pakistan, Thailand, Britain, France, Australia and New Zealand—has developed a military council concept which does not include any commitment of troops. Thus it differs from the North Atlantic Treaty Organization, which set up a vast military organization in Europe.

Fire Damages Tractor

A tractor fire on the Carold Stayner Jr. farm on the Pole Lane Rd., south of Route 30-S, caused an estimated damage of approximately $50 at 10:45 a.m. today.

Gasoline leaking set fire to a tarpaulin. The damage resulted to the tarpaulin and the wiring of the tractor. The Marion Township truck and the Marion Engineer Depot fire department answered the call.

O'Neill To Talk At Bosses' Night Jaycee Dinner

Plans for the annual Boss Night dinner meeting to be held March 14 were discussed when the Marion Junior Chamber of Commerce met Thursday evening at the YMCA for a regular monthly dinner meeting.

Joe Peters, president of the club, announced that C. William O'Neill, Ohio attorney general, would be the speaker for the Boss Night meeting to be held at the YMCA.

To Attend Convention

Peters also reported that a delegation of Marion members are planning to attend the 7th district Jaycee meeting to be held at Mount Vernon on Sunday, Feb. 27.

Ronald Powell, president of the Inter-club Council, told members that the Council plans to erect a sign board for the display of affiliated Marion club emblems at the east and west city limits, similar to the one at the south limits of Marion on Route 23.

Two new members Wendel Strong and Theodore Rhodes, were presented pins and welcomed into the club by Peters.

Gene White, superintendent of the Marion County Children's Home, was introduced by William Flach. White showed motion pictures of the school patrol trip to Washington, D.C., last spring. Mr. and Mrs. White accompanied the group on the trip as chaperons.

To Sponsor One

The Jaycees plan to sponsor one member of the patrol on the trip this year and are at present conducting a sale of hockey game tickets to the March 1 Cleveland Baron-Troy Bruin game to be held at the Marion Coliseum. Proceeds from this sale will also be used to purchase a driver training classroom device for Harding High School.

William McGraw was a guest at the meeting.

marks appeared directed at such GOP campaigners as Sen. McCarthy of Wisconsin, who assailed Democrats in speeches entitled "20 Years of Treason," and at others who have accused Democratic officials of being soft toward communism.

Democrats have said Vice President Nixon was one of the latter, but Nixon has denied making any such general charges.

Eisenhower told the delegates that instead of the "progressive moderate" label he once used for his administration he now prefers "dynamic conservatism."

Traffic Cases

One driver was fined $15 and costs on a traffic charge in Marion Municipal Court Friday. He was Franklin Mooney, 22, of 961 N. State St. who was charged with speeding.

District Traffic Cases

Three persons were arrested Thursday outside of Marion County by state highway patrolmen of the Marion post.

Lewis C. Ellis, 49, of Robbins, Tenn., was fined $10 and costs on a charge of permitting an unlicensed minor to operate a vehicle when he appeared before Mayor Emery Murphy of Mount Gilead.

Herbert N. Robins, 24, of Akron, was fined $15 and costs by Mayor Murphy on a charge of excessive speed.

Leonard Armstrong, 33, of Bedford, Ind., was fined $15 and costs on a charge of excessive speed when he appeared before Mayor Don Healea of Cardington.

MEN, WOMAN ARRESTED

Two men and a woman were arrested by Marion police Thursday evening on charges of disorderly conduct. They were held in jail pending hearings in Municipal Court today. The two men arrested at 6:28 p.m. on St. Main St. were John O. Pinion, 35, of near Mount Gilead and Robert Wurtsbough, 36, of 173 W. Center St. and the woman was Thelma Viola Marvin of 173 W. Center St. In addition to the disorderly conduct charge, Wurtsbough was also charged with intoxication.

Our Government

By George Sokolsky

The personnel of our government consists of 2,345,000 employes of all kinds from day laborers to policy making officials whose decisions determine the fate of the nation. Probably the first scientific study that has ever been made of the whole subject has just come to light in the report of the Herbert Hoover Commission on Organization of the Executive Branch of the Government. The annual payroll for all government civil employes is approximately nine billion dollars.

SOKOLSKY

The United States government has suffered from the spoils system in two senses, namely, that the political party in office regarded the employment of civil servants as a method of strengthening their party; the other fault is that some administrations have blanketed unproved employes, taken on for political reasons, into the Civil Service.

-:-

THE PROBLEM THAT faces the government is not only to establish an efficient Civil Service, but to preserve the policy-making function of officials as a political responsibility of those chosen by the government and to achieve efficiency by giving government employment, even for short periods or special tasks, to the most competent men and women in the country without the constant impediment of stultifying seniority rules.

In wartime, for instance, the government recruits the most able men in the nation for special tasks.

From 1933 to 1952, Congress has passed a number of laws granting politically-appointed persons Civil Service status non-competitively, that it without examination. The number so protected amounts to about 220,000 persons, although the figures are kept so badly that it is believed that this is a low calculation.

The problem that faced the Hoover Commission was to define the difference between policy-making and non-policy-making officials. There is a difference, for instance, between a stenographer and an official whose judgment may lead to economic disaster or even to war. The government is particularly weak in managerial personnel.

The report says:

"It is not well understood how much manpower is actually needed to do this job effectively. The existing number of non-career executives is spread too thin in terms of the tasks which they should perform.

"Our Task Force has noted the high and increasing rate of turnover of top non-career executives, especially in the assistant and under-secretarial positions."

-:-

THE ADMINISTRATIVE functions of the government have grown so enormously that it is no longer possible to entrust managerial responsibility to the "chief clerk" type of mind. In March, 1953, ". . . an attempt was made to improve the delineation by the establishment of a definite class of political employes beneath the level of assistant secretary and exempt from the competitive Civil Service rules. At that time, political and confidential employes were removed from Schedule 'A' and placed in a new Schedule 'C'.

"The commission concludes that while the concept of separating political and confidential jobs from other exempted jobs is basically sound, Schedule 'C' has not yet achieved its desired objective . . ."

The Hoover Commission has therefore recommended that in the non-career category be placed:

"All positions having vested in them statutory authority or executive delegations of authority requiring the incumbents to make final decision in the establishment of governing politicies, programs, objectives and in the enunciation of principles which will control the action of subordinates in the implementation of the foregoing;

"All positions, the duties of which require the incumbents to act publicly in advocating new policies and in justifying or defending the governing policies or the basic principles or philosophy which controls their department or agency policies. Such duties would include direct participation with, or representation of non-career executives in public debate, evaluative discussions, and justifications of departmental policies, programs or activities."

-:-

IN A WORD, the Civil Service is taken out of politics and political debate. The managerial group selected by the president to function directly under his authority and working to carry out his policies, for which he is responsible to the people, will operate in the political sphere.

Congressman Chet Holifield of California objects to this proposal on the ground that:

"If recent experience is an indication, the addition of another schedule would invite even more juggling and wider opportunity to dilute the career service with political appointees."

His concept is fallacious because it is the president who is responsible under the Constitution. If he is to manage the executive branch of government, he ought to be given an adequate staff to work with.

Uneasy Heads

By Victor Riesel

In many a city tonight, including the capital, there are jittery men who thought they could play with the mob once led by "Scarface" Al Capone — and get away with it.

VICTOR RIESEL

The men with the jitters include judges, police magistrates, congressmen, influence peddlers and even a man who dreams of one day being president of the U.S. and has been so mentioned many times. Shaky, too, are the men whom the mobs made into labor leaders by capturing some unions and putting them in as "account executives".

They all have a dose of the nerves because an obscure little insurance agent by the name of Louis Saperstein is "singing" his heart out to a district attorney and a grand jury.

-:-

BECAUSE LOUIS DECIDED to spill, there have been indictments of some of the old Mafia crowd, namely George Scalise and "Little Augie" Carfano. Also indicted was little Sol Cilento, who until last September was boss of the AFL's Liquor Distillery, Rectifying and Wine Workers' Union, which, as I told you last year, believed itself so well - muscled that it tried to push past the Los Angeles police into that city in an effort to make itself a coast-to-coast power.

Scalise is an old Capone man who joined with "Little Augie", who, in turn, controlled jurisdictional rights over the Eastern mob —and together they did quite a business running the old Building Service Employes International Union until Georgie was jailed for looting the treasury and the union cleaned much of its house.

When Scalise left the pen "Scarface" was no longer around to look after him. But there was "Little Augie". There was the liquor union, among others, There was Abner "Longie" Zwillman, a genial director of the national Crime Syndicate whose philanthropies were made possible by old bootlegging millions and new ventures not infrequently based on his control of unions which terrorized even the biggest of corporations.

There was also Zwillman's friend, Sol Cilento, chief of the liquor union. Solly mixed in the best circles — judges, politicians and union officials who thought him an obliging little fellow always ready to do favors. Solly called Zwillman "boss."

-:-

THERE ARE RECORDS of some 50 long distance telephone calls and many meetings between the two. For these I refer you to the ever-crusading and truly self-sacrificing investigators at the New York City Anti-Crime Committee, 247 Park Ave., N.Y.C.

Zwillman extended a helping hand to all concerned. It is his nature. It is also profitable. Zwillman, labelled in 1951 by Sen. Kefauver as one of the nation's major underworld powers, prevailed on his friend, Louis Saperstein, to set up an insurance agency called the Harlew Insurance Co.

Zwillman is irresistible. Suave and good natured, but, you know, irresistible. He is a man of great influence. He can make you a judge — just like that. He can break you too — just like that. So he made an insurance brokerage firm. And Solly Cilento handed it the liquor union's welfare insurance business — quite a hunk of business at that. And George Scalise and "Little Augie, "Scarface's" partners of old, cut in too.

What turns the stomachs of many a decent labor leader like AFL president, George Meany, is the gluttonous grafting of union members' money by this crowd. Actually some 40 to 50 cents of each of these liquor union welfare dollars went into the crowd's pocket.

-:-

I'M INDEBTED TO ex - FBI agent John O'Mara, investigating chief of the New York City Anti-Crime Committee, for the following measure of their greed. The liquor industry employers paid 3 per cent of total payrolls into the union's welfare fund. This came to about a million dollars a year to insure the union members. For placing this insurance the Harlew company got 10 per cent commission plus five per cent for a "service fee."

This gave the crowd $150,000-a year on this account alone. There were other accounts in the retail and laundry fields, incidentally, and Saperstein pocketed a gross commission of half a million dollars in 1953.

But to get back to the liquor insurance. John O'Mara tells me that an acturial survey was made of this fund — and the actuary said the meager coverage it gave the hard-working members of this so-called union could have been purchased for exactly half of what was paid. In other words, the employers were overpaying $500,000 a year.

-:-

AND, THE UNION rank-and-file could have had almost twice as much coverage, twice as much life insurance, medical care and other benefits if this crowd wasn't betraying every decency and dipping into everybody's pockets.

Yet because they could spend freely, they were wooed by many people in all circles, in the best restaurants and the swankiest palaces we call hotels.

AFL president George Meany says that he is declaring war on this ghoulishness. If a typewriter is of any help in this fight, Mr. Meany at least has this one.

Russian Names

By Hal Boyle

NEW YORK.

Names make news, and right now Mr. Hammer is making world news.

So are George Little, Nick Beetle, George Bug, Nicholas Scandal maker.

They've been plotting and feuding ever since old Mr. Steel died — a death that made big headlines in every front page in America.

HAL BOYLE

Never heard of them? Of course you have. But not spelled that way. They are the English translations of the names of some top Soviet leaders — Molotov, Malenkov, Khrushchev, Zhukov, Bulganin and the late Joe Stalin.

—:—

LET'S TAKE a peek behind the Iron Curtain and see how the Russians get the names that sound so odd to us and, indeed, often do have an odder origin than our own names. Our information comes from Tom Whitney, who had ample opportunity to study Russian nomenclature during a 7-year assignment as an Associated Press correspondent in Moscow.

Most Russian names, like many well known American names, have a meaning, but the meaning is often less obscure.

Many Russian first names have a Christian origin, such as Mikail (Michael), Pyotr (Peter) or Nikita (a variation of Nicholas).

Some names come from professions. Thus Miller in Russia is Melnikov. Smith is Kuznetsov. Instead of keeping up with the Joneses, your problem in Russia would be to match the income of the Ivanovs. Ivanov, meaning "son of John," is the most common family name in Russia, just as Ivan is the most common Christian name.

—:—

A NUMBER OF names come from places or nationalities. Moskovsky is Moscow. Khokhlov is derived from "Khokholv," a slightly contemptuous name for a Ukrainian.

Many of the most interesting Russian names, however, are descriptive. Some are mildly humorous or downright sadistic names given to serfs in the old days by the nobility who owned them. Examples: Bezgubov "Lipless" and Golopupenko "Naked-Navel."

Some of the Russian revolutionary leaders adopted pseudonyms to hide their identity. This explains how Joe Stalin became "Mr. Steel," and Vyacheslav Molotov, minister of foreign affairs, became "Mr. Hammer."

If there was a "Mr. Sickle" I haven't heard of him. But V. I. Lenin, father of the Revolution, selected almost a lace curtain pseudonym. Lenin means "linen" or "flax."

Here are English equivalents for the names of some of the present Soviet hierarchy:

Nikita Khrushchev, Communist party boss—Nicholas Beetle. "Khrushch" is Russian for the cockchafer, a large European scarablike beetle destructive to vegetation. The young larva feeds on roots, the adult on foliage.

Nikolai Bulganin, the new Premier—Nicholas Scandalmaker.

Georgi Malenkov, the former Premier who resigned because he agreed the job was too big for him—George Little.

Defense Minister Georgi Zhukov —George Bug, or Beetle.

Marshal Klementi Voroshilov—Clem, the stirrer or tosser.

First Deputy Premier Lazar Kaganovich—Lazarus Cohen.

Deputy Premiers Maksim Saburov, Mikhail Pervukhin and A. N. Kosygin—Maxim Aloes, Mike First, and A. N. Reaper.

Atomic weapons czar V. A. Malyshev—V. A. Littleboy.

Communist part central committee members P. N. Pospelov, M. A. Suslov and N. N. Shatalin—Peter Ripe, M. A. Gopher, and N. M. Tottering (which, according to some reports, is just what he's doing).

That sums up the situation, except to point out that if former politburo member Andrei Andreevich Andreytv had been born in America he would be known as Andrew Andrewson Andrews.

Publishers Claim Effort Made To Suppress Matusow's Book

WASHINGTON (AP)—The Justice Department has declined to comment on a charge that it is bringing pressure to suppress a book by Harvey Matusow, ex-Communist who has repudiated his sworn testimony.

The assertion was made at a news conference yesterday by Albert E. Kahn and Angus Cameron, New York publishers, who said the book they plan to issue March 15 "contains charges seriously implicating the department."

They said various printers and binders in New York, whom they declined to name, have backed out of agreements to handle production of Matusow's book after being visited by FBI agents.

Under questions by reporters, they said that so far as they knew, the FBI men had done no more than make inquiries about which printers and binders were handling the book.

Matusow has appeared as a witness both in court trials and before congressional groups investigating communism, and has named numerous persons as being connected with the Communist movement. He has since signed affidavits, however, asserting that much of the testimony which he gave under oath was false. Advance proofs of his book, "False Witness," include statements that he was encouraged to testify as he did by some Justice Department officials and some members of congressional committees.

Atty. Gen. Brownell refused at a news conference yesterday to give his views on the Matusow case, but the possibility developed that Matusow may never be punished for swearing first one thing and then another.

Brownell said under questioning that as the law now stands, contradictory statements under oath do not in themselves constitute perjury. The law requires that the government prove on which occasion the defendant was lying, he said.

Recent tests indicate that auto drivers who have had no accidents usually have better vision than those who often run into trouble.

Busy Student at College Has Comfortable Income

ROCHESTER, N. Y. (UP) — Robert R. (Robin) Barrett, a senior at the University of Rochester, is—to put it mildly—a busy man.

When he isn't studying or attending classes he's apt to be found digging graves, selling vacuum cleaners or writing about college sports for the Rochester Times-Union. Barrett is working his way through college and doing so well at it that he made $3,000 last year.

Barrett, who lives at nearby Pittsford, begins a typical day at 6:30 a.m., driving after breakfast to the newspaper to drop off his sports copy. Then he goes to classes until 1:30 p.m., on to Pittsford Cemetery to dig a grave or two, more study, dinner and house-to-house vacuum cleaner selling until 10 p.m.

He maintains an average of C plus.

We are determined to see every customer leave here feeling he has received full value for every dollar spent.

Eight Appointed to Huber-Warco Sales Positions

Glenn N. Porter — Joseph D. Whalen — Joe W. Porter — Clayton M. Porter

Andy Winters — Don A. McPherson — Fred J. Wilson — Clarence F. Stanton

6 District Representatives

G. N. Porter, J. D. Whalen Named Divisional Heads

The Huber-Warco Co. of Marion today announced the appointment of two divisional sales managers and six district sales representatives — two of them a father and son combination.

Glenn N. Porter of Marion will direct Huber-Warco sales efforts east of the Mississippi in the United States, the eastern half of Canada, and in Cuba.

Joseph D. Whalen of Walnut Creek, Calif., will head Huber-Warco sales activities in the western half of Canada and the United States, Mexico, Hawaii and Alaska.

—:—

PORTER IS A veteran of 35 years' experience in building, selling, and servicing road machinery for Huber Manufacturing Co. of Marion, now a part of Huber-Warco. He also served as a plant supervisor for Huber and his last position was district representative for the company. He is a graduate of Broadlands High School in Broadlands, Ill., and a business school. Mr. and Mrs. Porter make their home at 289 E. Walnut St. in Marion.

Whalen last served for four years as district sales representative for the W. A. Riddell Corp. in Bucyrus, which recently merged with Huber to form Huber-Warco. Prior to joining Riddell, he was associated with Gibbons Grable Contracting Co. of Canton, O. He is a graduate of St. Ignatius High School in Cleveland and the University of Dayton. During a three-year tour of duty with the Navy during World War II, he served in both the Atlantic and Pacific Theaters. He plans to move his wife and four children to Marion as soon as he finds suitable quarters.

—:—

JOE W. PORTER of Marion has been appointed district sales representative for Ohio, Michigan, Indiana, Illinois, Kentucky, West Virginia, western Pennsylvania, and central Canada.

His son, Clayton M. Porter of San Jose, Calif., a former Marion resident, has been named district representative for California, Arizona, Utah, Nevada, Idaho, Montana, Washington, Oregon and western Canada.

The senior Mr. Porter is a veteran of 31 years' experience with Huber in sales, service, testing, and as foreman of the firm's erection department. He and his wife live at 806 Uncapher Ave.

Clayton Porter has a background of 12 years' experience in engineering, selling, and servicing road machinery for Huber. He is a graduate of Harding High School, class of 1939, and he and Mrs. Porter, the former Kathryn Brady of Upper Sandusky, make their home in San Jose.

—:—

DON A. McPHERSON of White Plains, New York, formerly of Marion and Prospect, has been named district representative for all of New England, New York, New Jersey, Maryland, Delaware, central and eastern Pennsylvania, and eastern Canada. He has 12 years' service with Huber in testing, sales and service. Mr. and Mrs. McPherson now make their home in White Plains.

Also appointed Huber-Warco district sales representatives were Andy Winters of Dallas, Texas, for Texas, Oklahoma, Colorado, Wyoming, Louisiana, Arkansas, New Mexico, and Mexico; Clarence F. Stanton of Mount Victory, O., for Wisconsin, Minnesota, North Dakota, South Dakota, Nebraska, Iowa, Kansas, Missouri, the southern half of Illinois, and Manitoba and Saskatchewan in Canada; and Fred J. Wilson of Decatur, Ga., formerly of Marion, for Virginia, North Carolina, South Carolina, Georgia, Florida, Tennessee, Mississippi, Alabama, and Cuba.

House To Bar Return to High Price Supports

WASHINGTON (AP)—Rep. Harrison (R-Neb) said today there is "no chance whatsoever" Congress will enact a new agriculture law this year to restore rigid high level price supports on basic farm commodities.

There was reluctant agreement with this view among some other members of the House Agriculture Committee, which yesterday heard Secretary of Agriculture Benson stand firmly by the administration's program of flexible supports.

Members who declined to be quoted by name said efforts to reinstate support levels at 90 per cent of parity did not appear to "stand a ghost of a show" under present circumstances.

And Benson told the committee yesterday, as he has on other occasions, that he would recommend a presidential veto of any high support bill passing Congress.

Enactment of such a law would be "a mistake," he said, declaring Congress should give the present program of flexible support "an opportunity to work."

Freedom Week Balloon Found by Bucyrus Man

A Freedom Week balloon released by the Wabash, Ind., Eagles lodge was found this week by Charles Hutchison, Bucyrus, while he was fox-hunting in the eastern part of Marion County.

Hutchison said the balloon, which was approximately six feet square, contained several Crusade for Freedom articles, a copy of a Reader's Digest article describing the project, forms for sending money to support Radio Free Europe, a stamped postcard to be sent to the Wabash lodge, stating where the balloon was found, and a postcard to be sent to the American Heritage Foundation in New York City.

The balloon was released Feb. 13. Wabash is about 175 miles from Bucyrus.

JUVENILE ON PROBATION

BUCYRUS — Crawford County Probate and Juvenile Judge Constance R. Keller announced here today that a 16-year-old Galion girl has been placed on special probation after she spent the weekend in the county jail here on a delinquency count. The judge said the girl has been a ward of the court in the past and her case is being given further consideration. She was released from the jail Monday.

Prospect and Caledonia Nail Berths in Semi-Finals

Waldo, Martel Cage Crews Ousted From Tourney Race

By JOHN SHORT

Caledonia and Prospect nailed down semi-final berths in the Marion County tournament in last night's two championship bracket games. The two teams will collide in the middle game of next Tuesday's card. Claridon will meet the winner of the LaRue-New Bloomington tilt Saturday night in the other semi-final battle.

Caledonia qualified for its berth with a 71-51 victory over Green Camp which was making its first tourney appearance. Prospect rolled past Morral 58-41 in the Wildcats' first appearance.

In consolation play last night, Waldo and Martel became the first teams eliminated from the tournament. Waldo dropped a 43-36 verdict to Meeker's Trojans and Pleasant's Pandas downed Martel 56-31.

—:—

BUD YOUNG'S Green Camp squad had Caledonia considering a saliva test for the first period. The underdog squad played the Marion County co-champs on even terms through that frame.

The Donians forged into a 6-2 lead early but at the midway point in the quarter Green Camp had narrowed the gap to 6-5 and from there on traded points with the winners. With a minute and 47 seconds left in the stanza, the Donians held a 13-12 edge before buckets by Jim Ulsh and Doug Whiteamire boosted them into a 19-15 edge at the quarter's end.

Green Camp managed only six markers during the second quarter while the Donians were hitting or 18 to take a comfortable 37-21 edge at the half. At the end of the third period, Caledonia was carrying a 54-38 margin.

Whiteamire finished the game with 18 points to top the winners' attack and Ulsh shoved in 12. Louis Finch with 11 was high for the losers while Hal Wasserbeck added 10.

Prospect, with its top gun, Bob Rodgers, blanked in the first period, by Morral's defenders, jumped in to an early lead and was never headed in its game against Vern Hensel's Wildcats.

The Bulldogs, guided by Coach Fred McCumber, grabbed a 13-7 lead at the end of the first period and then blanked Morral for nearly half the second quarter while they stretched their margin to 26-19 at the half.

With the Morral defense apparently concentrating on Rodgers, Roger Remlinger broke loose with a scoring burst. He finished the contest with 18 markers and helped to pull the defenders from Rodgers who proceeded to pump in 23 points to lead the Bulldogs. At the start of the final period Prospect held a 38-31 edge.

Clyde Neal collected 19 points to head up the Morral offense and Mannie Saxton accounted for 10. Morral's starting center, Sophomore Dick Craycraft, fouled out with five minutes to go in the third period.

—:—

WALDO COLLECTED only eight field goals but managed to stay in the game until midway in the third period at the foul line in its loss to Meeker. Meeker held a 15-8 edge from the field but converted on only 13 of 36 chances at the charity marker while Waldo was hitting on 20 of 39 free throws.

Waldo moved into a 10-8 edge after the opening quarter with Dave Noe hitting half that total on five foul shots. A 16-point spurt in the second gave Meeker a 24-20 lead at the half and the Trojans never relinquished their lead.

Ron Newland with 17 and Larry Sims with 15 were the big guns in the Meeker attack while Roy Klingel was tops for Larry Blaha's losers with 12. Noe finished with nine.

The loss shoved Waldo from the tourney and sent Walker Huffman's crew into action against Green Camp Saturday in the 6:30 opener.

Pleasant got off to a slow start against winless Martel and managed only a 9-5 edge after the first period. Darrell Stoner was the only Pleasant cager able to score in the period. The Pandas came on in the second period to hike their lead to 27-15 at the half. They carried a 41-25 edge into the final quarter.

Stoner finished as the winners' high point man with 17 while Sharrel Leffler popped in 12. Glen Linstedt finished with 12 to lead Martel while Kenny Barden with six was next in line.

—:—

PLEASANT WILL be matched against Morral in the 7:45 p.m. contest Saturday night at the Coliseum floor while LaRue and New Bloomington tangle for the fourth semi-final berth, Claridon will take on the winner of that game next Tuesday.

Paid attendance at last night's session totaled 1,719, five less than the 1,724 listed at the opening session Monday night.

Edison Squad Nears Undefeated Mark

UNDEFEATED SQUAD. Edison Junior High School's cage quintet, winners of 11 straight engagements, are one game away from an undefeated campaign. The squad yesterday downed Kenton Junior High School and next week will wind up against Green Camp.

Members of the team include, front row (left to right) Ed Crabtree, manager, Bill Pickett, Ray Huckaba, Bob Lister, Jim Anspaugh, Bob Klingel and Kerr Murray, manager. Back row (left to right) Coach George Whitehead, Jerry Harbin, Dick Burklew, Dale Walters, John Mutters, Bill Martin and Ron Dickason, manager.

Freeman Quits, To Return for Spring Quarter

COLUMBUS, Ohio (AP) — Basketball scoring ace Robin Freeman, withdrawn from competition last week due to an ankle injury and recurrent colds, yesterday withdrew from Ohio State University until start of spring quarter, March 29.

He said he may reenter the basketball wars next year but plans to spend more time on his studies.

"I want to become a dentist much more than I want to become a pro basketball player," Freeman said.

Freeman says he will return to the pre-dentistry college from which he withdrew a year ago to enter physical education. He was scheduled to return to his Cincinnati home for a rest.

Since leaving the team, Freeman says he has gained five or six pounds.

The college junior has the best Big Ten scoring average, 27.8 for six games. He ranks third among major college basketeers in individual scoring with 31.5 for 13 games.

Sportsmen Meet

COLUMBUS, Ohio (AP) — The first general session of the League of Ohio Sportsmen convention today will comprise a conference on the place of water in conservation and restoration of fish and game stocks.

The league tonight will also consider legislation currently before Ohio's General Assembly relating to wildlife and natural resources.

The convention continues through Sunday.

Souchak Leads Texas Open on Record Round

SAN ANTONIO, Tex. (AP) — Massive Mike Souchak of Durham, N.C., who fashioned a record-tying 60 and set a new nine-hole mark of 27, headed the field that moved toward the halfway point of the $12,000 Texas Open today still talking about a round that was fantastic even for this fantastic tournament.

Such things as a 62 winding up in second place, a golfer who shot three eagles on one round and still was three strokes out of the lead, a player 7 under par on five holes and 76 out of 167 bettering par made the round like something out of fiction.

Souchak's 60 tied the PGA record for 18 holes held by Al Brosch, Bill Nary, Ted Kroll and Tommy Bolt, and his 27 on the back nine of the 6,400-yard Brackenridge Park course cracked the record of 28 held by Ben Hogan, Toby Lyons and Bolt.

In second place was Freddie Haas of Claremont, Calif., who had a 9-under-par 62 with a smoking putter, and third was John Barnum of Grand Rapids, Mich., who shot three eagles and in one stretch of five holes was 7 under par. Next in line were Peter Allis of Dorset, England, and Al Balding of Toronto, Canada, each with 64.

Souchak shot his great round despite a bogey when he three-putted one green. But he had two eagles and almost equaled Barnum's feat with 7 under par in one stretch of six holes. "I putted like a demon," said the 210-pound professional of 2½ years. He used only 25 putts on 18 greens.

Barnum was a picture of frustration on the 18th hole—shortest hole on the course. He took a 5 because he landed in a creek with his tee shot. If he could have birdied the 155 yard, par-3 hole, he would have tied Souchak's 60. He was 10 under par coming into 18.

Marengo Falls To Cardington

MOUNT GILEAD — Cardington dumped Marengo 58-50 last night in a colsolation bracket game of the Morrow County basketball tournament. Marengo won a 26-25 decision over Johnsville and Chesterville nipped Cardington 40-37 in reserve tourney play.

The Pirates held an 18-17 edge at the end of the opening period of their consolation battle and were put front 40-27 at the half. Starting the final stanza, they held a 48-38 cushion.

Dean Curl popped in 19 markers to top the winners' attack while Poorman and Yake each netted nine. Price set the pace for Marengo with 14 points.

The Morrow tourney shifts to Marion's Coliseum tonight when Chesterville plays Iberia and Johnsville battles Sparta in the semi-finals. Sparta will be paired against Iberia in a reserve game.

PLANS SALES CAMPAIGN

BUCYRUS — Members of the Bucyrus Retail Merchants Association have set April 28-30 for annual Bucyrus Days' sales promotion, Paul Brown, association president, announced today. Brown said the group will make an extensive campaign to increase membership and enlarge community activity work during the year.

Charles Enters Norkus Match As Top Favorite

NEW YORK (AP) — If Ezzard Charles still has it, he should knock out 26-year-old Charley Norkus tonight at Madison Square Garden. If two beatings from Rocky Marciano took too heavy a toll on the former champion, Norkus has his "chance of a lifetime."

Although Charles, 33, has been inactive for five months since he was knocked out by Marciano last September, he is a 1-3 favorite. There is no comparison between the records of the two fighters Charles is far and away the superior boxer.

Norkus, 26, has youth and a solid punch. In a few months, he has risen from obscurity to rank No. 9 among Marciano's contenders. A sensational knockout over Danny Nardico in Miami a year ago started the string but he slipped back near the shadows when he was stopped by Hurricane Jackson in May.

The sturdy lad from Jersey City and Port Washington, N. Y., whipped Cesar Brion, knocked out highly touted Charley Powell and outpointed Roland LaStarza in his last three fights.

Since the September night when he was flattened by Marciano, Charles had done no fighting. He went back to work in the gym shortly after the first of the year.

Charles, rated No. 3, says he still thinks he can beat Marciano but there is very little chance that he will get another opportunity at the title he held until he was knocked out by Jersey Joe Walcott in 1951.

Charles has an 86-12-1 record since 1937 as compared to Norkus' 26-12 since he turned pro in 1948.

The 10-round bout will be broadcast and telecast by NBC at 10 p.m., EST.

Oldest National Guard unit is the 182nd Infantry of Massachusetts, organized as a militia outfit back in 1636.

Harding Eyes Upset

Presidents Seeking Revenge In Fremont Contest Tonight

Harding High School's cagers will be shooting for revenge tonight when they play host to Fremont Ross at the Harding gymnasium.

The Little Giants squeezed past the Prexies by a 76-74 count at Fremont on Jan. 14 with the winning margin coming at the foul line after the final whistle had sounded.

The Ross squad will be coming to Harding after a narrow setback last week at the hands of unbeaten Findlay. Al Ziemke's squad bowed to the Trojans, third-ranked team in Ohio by the Associated Press, 40-37 after a last-quarter spurt by the rugged Trojans.

In their previous outing against Jim Lawler's Prexies, Ross eeked out the win when Larry Harris popped in a pair of foul shots after the final buzzer had sounded. He had been fouled while attempting a last-second desperation shot from beyond mid-court.

Harris finished that game with 14 points, eight coming at the free throw line. Henry Tiller was the big gun in the winners' when he chipped in 21 markers. Hank Miller added 20 and Walt Chambers netted 18. That quartet is expected to carry most of the load in tonight's encounter with additional help coming from Beebe Schneider and Jim Houghtaling.

Lowell Carlisle popped in 15 points to lead the Prexies in the previous game and will be seeking to up that total tonight. Ted Bibler also stood out in the scoring column for Harding with 11 markers against the Ross defenders. Lawler will be counting heavily on those two, along with Phil Carroll, Joe Snouffer, Phil Sykes, Ted Firstenberger and Gene Armstrong in tonight's battle.

At the conclusion of tonight's game, a coin will be tossed to determine which meeting of the two squads will be figures in Buckeye Conference standings.

Edison Junior High Captures Eleventh Win

Edison Junior High School rolled to its 11th win without a defeat yesterday at Kenton, whipping the future Wildcats 41-38. The Edison squad fought off a rally during the final period by the losers.

Coach George Whitehead's crew forged into a 15-6 first period lead and held to a 29-16 margin at the half. At the end of the third quarter their lead stood at 36-25.

Jim Anspaugh hit for 13 points to top the Edison scoring attack while Bob Lister added 10. Cosart's 10 was high for the Kenton squad.

The Edison squad will end its season next Thursday when it travels to Green Camp.

Dayton Invades Cincinnati for Cage Headliner

COLUMBUS, Ohio (AP)—Ohio's two hottest basketball teams — NIT-bound Cincinnati and Dayton—meet tonight in a more than casual contest in the Queen City.

Cincinnati's Bearcats, ranked 12th nationally, saw their 10-game winning streak halted 81-67 by Duquesne Tuesday night. They'll be on the rebound, and on their own floor where they haven't been beaten.

Dayton, ranked 13th, has won seven straight since succumbing 85-78 to the Bearcats last month. The Flyers will be out for revenge, and big Johnny Horan, sidelined for nine days after being injured in the first half of the previous Cincinnati game, is in tip - top shape.

The game is the headliner of a 23-contest weekend slate involving the state's schools, with 15 clashes figuring in conference races. One game is in the Western Conference, five in the Mid-American, six in the Ohio Conference and three in the Mid-Ohio League.

Here's the slate, with the up-to-date won-lost records.

Friday: Western Reserve (5-12) at Western Michigan (11-6), Bowling Green (5-13) at Ohio U. (11-5), Dayton (18-3) at Cincinnati (19-4), Western Kentucky at Xavier (12-10), and Concordia at Bluffton (3-12).

Saturday: Purdue at Ohio State (9-9), Western Reserve at Toledo (3-15), Kent State (7-11) at Miami (12-6), Bowling Green at Marshall (14-3), Oberlin (3-12) at Akron (14-4), Capital (10-6) at Otterbein (6-11), Kenyon (8-6) at Mt. Union (10-8), Muskingum (5-12) at Wooster (12-4), Denison (9-8), at Ohio Wesleyan (6-10), Wittenberg (4-12) at Hiram (4-10), Defiance (10-7) at Wilmington (6-12), Ohio Northern (10-8) at Findlay (15-3), Bluffton (3-12) at Cedarville (3-14), Marietta (20-2) at Baldwin-Wallace (13-5), Ashland (6-9) at Heidelberg (7-7), Youngstown (9-12) at Geneva, Case (8-5) at Carnegie Tech, and Steubenville (24-4) at West Liberty.

In Sunday's games, Xavier visits Dayton, and St. Vincent meets John Carroll (10-7).

Baby Suffocates

CORPUS CHRISTI, Tex. (AP) — Lance Edwin Donlevy, 5-month-old son of Mr. and Mrs. C. C. Donlevy, suffocated yesterday when his neck pressed against a metal rod on the front of his stroller. Marks on the body indicated the tot was unable to lift his neck from the rod, which cut off circulation and air through his jugular vein and windpipe.

FINED $1 FOR HITCHHIKING

SOUTH BEND, Ind. (AP)—James T. Barry, a Notre Dame student, thumbed a ride downtown for a court hearing on a hitchhike charge. The motorist who picked him up, City Judge George Farage, delivered him at his destination, then fined him $1.

Bowling

Hap Applegett and Dorothy Rhinehart both posted 202 games to pace the bowlers in the Mom and Pop League at Marion Recreation Wednesday night. Dorothy Rhinehart also led the women for three games with a 479. High among the men in the league was Bob Middleton with a 549. Bill Lavender and Ken Kingsley also turned in 200 games.

In the Ladies All Star League, Virginia Keck led the way with a 241 game and 501 series. L. Kisner, Ravenna Osborne and Caroline Ulsh all turned in tricky splits to help their scores.

At Palace Recreation Wednesday night, Cy Jones set the pace in the Osgood Affiliated League with a 235 game and 566 series. Three other 200 games were turned in by J. Frank, Weis and D. Penry. B. Wolfinger turned in the 6-7-10 split. Eight bowlers besides Jones turned in 500 series. They were Barnard, Scott, Gore, Reichardt, Schrader, Wolbert, Miller and Chapman.

In the Business Men's League, J. Davis turned in the high single game, a 214, while E. Davis had the high series, a 570. Maniaci's Market had the high mark for the evening as the team bowled a 2,622. Berry Seed was high for one game with 938.

In the Thursday Afternoon Ladies League competition at the Palace, Helen Culp led all the way with 194 and 186 games and a 543 series. Allen Construction had the high team game, a 760, and high team series, 2,172. Splits were turned in by Elizabeth Penry, Eleanor Halberstein and Charlotte Bayless.

In the Classic League, J. Rife's 248 game and 630 series were high. D. Chamberlain's 246, T. Blair's 242 and E. Reed's 233 were the closest scores. There were a total of 31 games of 200 or better. Chamberlain, L. Morris, S. Norris and T. Blair all turned in series over 600.

Gerald Cook paced the keglers in the Industrial League as he came through with a single game of 224 and a series of 585. Bill Bomberger had a 214 game, Dale Greenland a 206 and Casey Williams a 202. Walt Mayes Decorating led in the team efforts with an 895 single game and a 2,553 series.

Oscar Betz and Ken Abbott both turned in 521 series to tie for top honors in the Fraternal League. Rex O'Brien had the highest single game effort, a 212. Moose No. 1 had the high team series with 2,349; while Moose No. 2 had an 849 for the high single game.

Dick Sherman's 192 and Mary Prior's 174 were high efforts in the Marion Engineer Depot Mixed League. Mary Prior also was high among the ladies for the series honors with a 481. Bill McJenkins 505 took the top spot for the men. The Invincibles with a 765 game and 2-178 series had the best team effort.

Kramer, Garmaker Clash In Big Ten Video Game

ANN ARBOR, Mich. (AP)—A muscle-stackled sophomore just hitting his stride, and a seasoned senior with a deadly touch, clash tomorrow afternoon as Michigan meets Big Ten leader Minnesota in a nationally televised basketball game (CBS).

The sophomore is Michigan's Ron Kramer, a converted football end who is described by one Michigan coach as "the best athlete in the Big Ten."

The senior is Minnesota's Dick Garmaker, top-ranked scorer in the Western Conference.

Their battle will start at 3 p.m. (EST).

Oil on Stove Boils Over, Causing Fire at Home

One call was answered by the Marion Fire Department Thursday at 5 p.m.

They were called to the home of H. H. Hughes at the rear of 461 Lee St. after a fire started in the kitchen when motor oil, being warmed on the kitchen stove, boiled over.

A loss of $25 was set by Fire Chief O. A. Sifritt. The township truck and firemen from the W. Center St. station answered the call.

Almost 70 per cent of National Guardsmen are between 17 and 21 years of age. Less than five per cent are over 35 years old.

Matusow Now Says He Lied to Ohio's Probers

Testimony on Reds At Antioch College False, He Declares

WASHINGTON (AP)—A former investigator for the Ohio Un-American Activities Commission now says he lied when he testified some 500 students at Antioch College in Yellow Springs, Ohio, were supporters of communism.

The turnabout is Harvey Matusow, 28, who reports in his forthcoming book "False Witness" that he made up the Antioch story after drinking beer with students at the college three years ago.

His book claims other lies before security and investigation groups, but he says he is more sorry about his Antioch statements than anything else he said.

College Professes Innocence

Since the statements, the liberal arts college repeatedly has maintained its innocence against the broad charge. Matusow says he wanted to glorify himself as a professional witness against Communists.

Matusow had a short but spectacular career in 1952 in Ohio as an investigator for the Ohio commission from January to April.

As a witness he told the U. S. Senate Internal Security Subcommittee on March 5, 1952 that "about 50 students at that school (Antioch) support all the activities and the line, as the YPA hands it down, and as the Communist party on that campus hands it down through the YPA."

Matusow said the YPA was the youth arm of Henry Wallace's progressive party.

Repudiates Testimony

But the manuscript of "False Witness" repudiates this testimony, saying it stemmed from talks with students at "Ye Olde Trail Tavern."

The Senate Internal Security Subcommittee is interested in Matusow's claim that his Red identifications were usually without fact.

They plan some close questioning next Monday of the self-described ex-Communist from New York.

Matusow made his Ohio connections while serving with the Air Force as a reservist at Wright-Patterson AFB near Dayton in 1951. He says his contact with the Ohio Un-American Activities Commission was made through Mrs. Martha Edmiston, a publicist for the Air Force and a former undercover agent for the FBI.

Kansan Called Back to Stand In Lamb's Case

WASHINGTON (AP)—A 6 foot 6 Kansas dairy farmer named Lowell Watson was summoned today to the communications commission hearing involving Edward Lamb.

Lamb's lawyers said Watson, a self-described former Communist, may be the last of the commission's witnesses they will re-question.

Then will come the defense of Lamb, a Toledo, Ohio lawyer who publishes the Erie, (Pa.) Dispatch and operates radio and TV stations.

The investigation, in its 40th hearing day, is being held to determine the accuracy of allegations Lamb once associated with Communists. Lamb, seeking to renew the license of WICU-TV at Erie, categorically denies the allegations.

Watson was scheduled to take the stand after completion of the cross-examination—if any more is desired—of turnabout witness Marie Natvig of Miami Beach, Fla.

Examiner Herbert Sharfman already has called Mrs. Natvig a "completely incredible" witness and has stated flatly he will attach no weight whatever to her contradiitory testimony.

Watson told the Lamb hearing last fall he had been a West Virginia and Ohio Communist from 1929 to 1941. He now lives in Olathe, Kan.

It was his testimony that he and a Toledo Communist functionary named Eugene Stoll visited Lamb in Lamb's office six, eight or more times in the early 1930's and solicited money from him.

The donations, he said, were for the International Labor Defense (ILD), an organization interested chiefly in defending strikers.

Lamb, he testified, was introduced to him as an ILD attorney. He said Lamb contributed no more than $25 on any one occasion.

Watson testified under cross-examination that he had no knowledge of Lamb making contribution to the Communist party.

Watson said that ILD tried to collect money from both non-Communists and Communists.

Will Be Honor Guest at Dinner

United Commercial Travelers Council To Honor Huggins

Presentation of a 50-year membership plaque and a dinner will honor Edward H. Huggins of 549 Delaware Ave. Saturday evening. Hosts will be members of Marion Council No. 129, United Commercial Travelers of America.

The dinner for all members of the council will be at 6 o'clock and will be followed by the presentation of the plaque by W. Dexter Hazen, Municipal Court Judge. The dinner and program will be held in the Grotto hall.

The honor guest, who joined the council on Jan. 31, 1905, served 34 of his 50 years as secretary-treasurer of the council. He also is a past grand counselor of Ohio.

Service News

Airman 1-c George W. Hart has arrived from Elmendorf Air Force Base at Anchorage, Alaska, to spend a 30-day leave with his family and parents, Mr. and Mrs. Robert H. Hart of Kensington Rd.

Airman Hart

He entered service March 1, 1952, and took his basic training at Sampson Air Force Base in New York.

He has been in Alaska for the last six months. His family will return to Anchorage with him.

—:—

Airman 3-c Carl E. Long Jr. of Marion, who recently completed basic training at Lackland Air Force Base, Tex., has reported to Kessler Air Force Base, Miss., for radio and radar schooling.

Prior to leaving for Kessler Field Monday, Airman Long spent a 10-day leave at the home of his wife, Carol, and her parents, Mr. and Mrs. Elmer Schnittker of 295 S. Grand Ave. He attended Edison Junior High School and was employed at the local Western Union office before entering the service Nov. 15.

—:—

Pfc. Raymond Riester of Marion was recently promoted to his present rank while stationed with the U. S. Army at Ft. Jackson, S. C. Word was received here by his parents, Mr. and Mrs. W. F. Riester of 436 Ballentine Ave.

—:—

2nd Lt. Richard E. Lingrel of Marion is now stationed at Laughlin Air Force Base, Del Rio, Tex., where he is taking student pilot training.

The son of Mrs. Janie Lingrel of 256 W. Columbia St., Lt. Lingrel was formerly at Greenville, Miss., Air Force Base where he completed cadet flying school last month and was commissioned a Second Lieutenant.

A 1948 graduate of Harding High School, Lt. Lingrel has been in the Air Force since Dec. 11, 1950. He recently re-enlisted for another four-year period.

It took six people on farms to support one person in a city 100 years ago in the United States while today there are about six city people for every person on the farm.

Marion's Concert Association Plans March Campaign

Dates have been set for the annual membership campaign of the Community Concert Association.

Pre-campaign week was set for March 21 to March 26 and the general membership campaign will be conducted the week of March 28 to April 7. During the pre-campaign drive, association members now holding memberships may make their renewals.

William Cowles will serve as campaign chairman, Mrs. A. G. Birch will be assistant campaign chairman and Mrs. John F. Lacey will be chairman for campaign week. Headquarters, as in former years, will be at the H. Schaffner Co. furniture store.

New members of the board are Rudy von Unruh, Mrs. Charles Campbell, Mrs. J. Paul Goebel, Richard Myers and William Ackerman.

The National Guard, originally "militia," took its present name to honor Lafayette, French Garde Nationnale chief.

Michigan Resident Believes West Still 'Wild and Woolly'

BILLINGS, Mont. (AP)—There's a fellow in Sears, Mich., who believes the Old West is still wild and woolly—and he wants to know all the details.

Gaylord Dow wrote to Walter C. Nye, of Billings, executive secretary of the Dude Rancher's Assn.:

"Dear friend, will you please send me all the information about your ranch and the way you people do your ranching and about how big is your ranch and about how many cattle your neighbors raise and what kind of horse you have and do you still have 'russlers that steals' cattle and horses and what do they do to them when they catch them. Do they shoot or hang them. Please send me your magazine. From Gaylord Dow."

Valuable Violin Stolen

NEW BEDFORD, Mass. (AP) — A $1,075 violin is missing and police are looking for "somebody carrying a violin who may not look like a violinist." Louis Frankel, 40, used the valuable violin last night while playing in a South Water Street tavern. When he left the room for a moment, he told police, somebody grabbed the instrument, case and bow.

Radio and Television

By JOHN CROSBY

Where Was Everyone?

The big question during the telecast of the Academy Award nominations Saturday night was where was everyone? Time and again one of the myriad emcees at this august occasion would place an actor in nomination and then say: "He isn't here." There were hundreds and hundreds of people there, but in general the nominees weren't. Conceivably they'd all gone to the movies.

JOHN CROSBY

We have, of course, been exposed to the Academy Award dinner before, but the Academy Award nominations is something new under the sun. These are the names not only of the people who eventually get an Oscar but also of those who might get one.

Next year, I expect, NBC will televise the preliminary discussions — all the people who might get nominated — which would include everyone who had been in a picture that year, and then the cameras could find somebody in the crowd to focus on.

-:-

THE 90-MINUTE telecast was certainly the most elaborately pointless exhibition that has come along in a long time. There were 18 cameras scattered around Ciro's, Romanoff's, the Coconut Grove and the NBC studios, all trying and very seldom succeeding in finding something to look at.

Five directors, five associated directors, three associate producers and twelve stage managers all combined their talents to put this great nothing on the air and they proved, if such proof is needed, that television is a great communications medium — provided you have something to communicate.

Jack Webb, the "Dragnet" man, was sort of head emcee at the main communication center in Burbank, and he did an absolutely masterful job at pretending that something of great and unique importance was taking place in front of our eyes.

Helping him out at all the restaurants where the nominees weren't, were Irene Dunne and Louella Parsons at the Coconut Grove, Donna Reed and Sheilah Graham at Ciro's, Humphrey Bogart and a girl named Ann Higginbotham at Romanoff's and Greer Garson at NBC.

-:-

NOW YOU MUST ADMIT that's an impressive roster of people to introduce a lot of people who weren't there. Actually, Bogart rather violated the general rule about nominees' making themselves absent. He, too, is a nominee and, if he weren't also an emcee, he probably would have taken to the hills, too. Bogie, as a matter of fact, seemed vastly amused by the whole operation.

Not that there weren't a few people on hand. Along with movie stars and pictures, the Academy Awards honors innumerable sound men and cameramen and other technicians. They were there in droves and they lined up obediently like halfbacks, blinking in the unaccustomed limelight and wondering what to do with their hands.

When they ran out of nominees, there were film clips from past and present Academy Award films and some of these were pretty wonderful. It was fun watching Fred Astaire and Ginger Rogers dance "The Continental" again. It was stimulating watching superb performances by Marlon Brando from "On the Waterfront" and by Bing Crosby, Grace Kelly and William Holden from "Country Girl." It made you think that movies were the logical place to be on Saturday night, especially last Saturday night.

-:-

YOU MUSTN'T FOR a moment think I didn't enjoy it, though. Watching Louella Parsons trying to read the names of some absent nominees as if the names had been printed in Sanskrit was one of the great comedy performances of our time. I don't suppose she's eligible for an Academy Award, so I hereby give her a Crosby Award which entitles her to one free drink on me at Romanoff's.

The show ran way short and the padding at the end was perfectly delicious, all those noted emcees tossing the ball back to one another as if it were a hot potato. Brother, there hasn't been anything like it since that other Academy Award dinner where they got the film in upside down and backwards.

Second TV Set In Home To Be Commonplace

B WAYNE OLIVER

NEW YORK (AP)—It hasn't happened to an appreciable extent yet, but an industry veteran predicts the second television set in the home ultimately will be as commonplace as the extra radio is now.

Says Max F. Balcom, board chairman of the Radio-Electronics Television Manufacturers Assn.:

"I don't think there's a shadow of a doubt but that television will parallel radio in the spread of extra sets in the home."

"It's the old family setup," says Balcom, consultant and former board chairman of Sylvania Electric Products, Inc. "Mother wants to see one program, father wants to see another and the children may want to see something else entirely."

No comprehensive survey has been made on how many homes have more than one TV set but industry guesses run from 3 to 5 per cent of the total of approximately 33 million.

On the other hand, the A. C. Nielsen research organization estimates that of nearly 46 million homes with radio, 43 per cent have one or more extra sets in working order. That doesn't include portables and also is exclusive of automobile radios, of which the networks estimate there are more than 26 million.

British stars Beatrice Lillie, Gracie Fields and Sarah Churchill will appear in Ed Sullivan's tribute to the late Gertrude Lawrence on his Toast of the Town on CBS Sunday. American stars taking part will include Lily Pons, Helen Hayes and Judith Anderson.

Bloodmobile Plans Visit Next Week in Bucyrus

BUCYRUS — The Red Cross bloodmobile will make its first 1955 visit to Bucyrus next Monday with recruitment in charge of the Swan Rubber Co.

Company officials announced today that approximately 110 donors already have been signed up with at least 60 additional donors needed. Goal is 150 pints of blood.

Meanwhile, Red Cross chapter officials announced here today that residents of Crawford County were furnished 429 pints of blood during 1954 by the Red Cross blood bank. Approximately 713 pints of blood were collected through the county's blood program last year.

Any Bucyrus are resident may contribute blood although employes of the Swan firm are expected to represent the bulk of the donors, Red Cross officials pointed out.

Youth, 19, Gets 25 Years For Attack With Hatchet

CLOVIS, N. M. (AP)—Odell Jeffries faces 25 years in the state prison after pleading guilty yesterday to attacking 14-year-old Janice Wells with a hatchet.

The 19-year-old Negro, who confessed to the attack Wednesday night, was charged and sentenced quickly yesterday noon.

Mrs. Aileen Wells, mother of the victim, broke down at the arraignment and cried, "He didn't get nearly enough. My daughter will be scarred for life."

Janice, still in Clovis Hospital, was struck several times on the face with the hatchet. Jeffries broke down the door of the home and attacked her. He told police he didn't know why he did it.

Basketball Game

AMARILLO, Tex. (AP) — As a small-town correspondent of the Amarillo Daily News finished his telephone report of a high school basketball game, sports writer W. L. Powell questioned him:

"By the way, was this a conference game?"

"No," the reply came back, "it was a basketball game."

NO MARRIAGE LICENSES

SPRINGFIELD, Mass. (AP) — The men who keep track of such things report not a single marriage intention filed here the day after Valentine's Day.

DIES IN COLUMBUS

COLUMBUS, Ohio (AP) — Mrs. Katherine Cleveland Sharp, 59, grandniece of former President Grover Cleveland, died yesterday at her home here after more than a year's illness.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market advanced quietly today with radio-televisions well out in front in the early afternoon.

Gains throughout the list went to between 1 and 2 points. Losses sometimes got to a point.

Volume continued moderate right around yesterday's total of 3,030,000 shares.

Higher with the radio-televisions were the railroads, motion pictures, airlines, and aircrafts.

Although there were many minus signs scattered through the list, no major group was seriously depressed.

Among higher stocks were Seaboard Railroad, Northern Pacific, Paramount Pictures, American Telephone, Emerson Radio, Zenith Radio, Radio Corp., Philco, United Aircraft, and Bethlehem Steel.

1-B—IN MEMORIAMS

IN LOVING MEMORY of Donald F. Buckley who gave his life for his country eleven years ago today, February 18, 1944.
A loving brother, true and kind,
No friend on earth like him we'll find.
For all of us he did his best,
And God gave him eternal rest.
The Family.

IN LOVING MEMORY of Larry Dean Skivers.
One year has passed since that sad day,
The one we loved was called away;
God took him home, it was his will
But in our hearts he liveth still.
Tho his smile is gone forever,
And his hand we cannot touch,
We will never lose sweet memories,
Of you "Larry", we miss you so much.
Sadly missed by
Mother and Father,
Sisters and Brothers,
and Grandfather.

35—PUBLIC SALES

PUBLIC SALE
Having decided to discontinue farming, I will offer at Public Auction the following at the farm known as the Charlie Anderson farm. Located: Three miles west of Shelby, Ohio, on the Smiley Road, on
Friday, Feb. 25
(10:00 a.m.)
44 Head of Grade
Angus Cattle
10 Angus brood cows (two with calves at foot). All others are pasture bred. Ages range from four years to six years of age. Eight first and second calf heifers. All due to calf this summer. Four yearling heifers, that will do in any one's grade herd. 18 last year calves, both heifers and steers. This is a very nice lot of young feeder calves some of which would do for 4-H and FFA projects. One 3-year-old Angus bull that has proven to be a real breeding bull. This has been an outstanding herd of Angus cattle and will go on for their new owners and do well. They are not in a high fitted condition. Health papers will be furnished with all cattle.
14 Head of Hogs
Three - year - old Hampshire boar; three Berkshire sows; one Yorkshire sow. Two of these sows are due by sale date. Others a little later in the spring. Nine head of nice feeder pigs.
Reg. Tennessee Walking Mare
12-year-old Tennessee Walking mare Reg. No. (390651) by Dressparade. Out of Lady Astor with seven-months-old colt at side by Pickaway Allen. English saddle, bridle, two pony bridles.
Pups
Five Scotch Collie pups, three months old.
Farm Equipment
1951 John Deere Model G tractor, power-trol, rollamatic. In excellent condition. 1944 John Deere Model D tractor. In good repair, lights, new rubber. A 1952 International Farmall Cub, with cultivators, mower and front end blade.
The following John Deere equipment was all bought new in 1952 and is like new: John Deere 4 row corn planter (with check wire); John Deere 4 row cultivators for John Deere A or G; John Deere Van Brunt 17-7 grain drill (on rubber); John Deere 4 row Rotary hoe; John Deere 8 ft. double disk; John Deere 3-14 tractor plow, Hydraulic lift, on rubber; 40 ft. John Deere grain elevator; John Deere wagon, with hay rack and grain box, on rubber; John Deere 2 section spike tooth harrow; John Deere manure spreader, on rubber; 1951 Oliver automatic hay baler (wire tie) with motor; 1950 Case 6 ft. combine (with motor); 2 row Case corn picker; Case 7 ft tractor mower; 8 ft. cultipacker; Temple-Ton manure loader for John Deere A or G; good farm wagon with hay rack and grain box, on rubber; horse-drawn manure spreader, Racine 16 in. hammer mill with dust collector; 1½ h. p. electric motor 75 ft. endless drive belt; four good farrowing houses; 8 hole hog feeder; electric hog water tank; two metal stock tanks; 60 cedar fence posts; two rolls picket crib fence; Vac-A-Way fanning mill with all screens; one lime spreader; roll hog fence; hog troughs; three electric fence chargers; power take-off tire pump; other small tools and items too numerous to mention.
FEED
400 bu. oats; 15 bu. seed (Balboa) seed rye.
Household Items
Grand gas range; one bedroom suite. LUNCH: Will be served on grounds. TERMS: CASH.
Not responsible for accidents.

REX MORGAN, M.D

By Dal Curtis

IS THIS PROFESSOR BORRIGARD A PHYSICIAN, CORONER?
THE PROFESSOR AIN'T A MEDICO IF THAT'S WHAT YOU MEAN! HE'S MORE THAN THAT! HE'S A CANCER SPECIALIST!
I TAKE IT, HOWEVER, THAT HE'S NOT QUALIFIED TO FILL OUT A DEATH CERTIFICATE!
WELL—HE AIN'T GOT A REGULAR LICENSE—BUT IF YOU DON'T WANT TO FILL OUT THE CRANDALL CERTIF CATE, I CAN!
BY LAW, I KNOW YOU CAN, CORONER—BUT I ASSUME YOU WILL FIRST ORDER A POST-MORTEM?
POST-MORTEM? LOOK HERE, MORGAN! I'VE BEEN CORONER SIX YEARS—AND I'VE NEVER ORDERED A POST-MORTEM YET! THE PEOPLE IN THIS COUNTY ELECTED ME BECAUSE THEY KNOW HOW I FEEL ABOUT POST-MORTEM EXAMINATIONS!
BRADLEY EDWARDS

STEVE CANYON

By Milton Caniff

IT IS SUCH A PLEASURE TO HAVE YOU WITH US, MISS REDWOOD NOW IF YOU WILL EXCUSE COL CANYON AND ME FOR ONE MOMENT—
OF COURSE, COLONEL
COL CANYON, AM I TO BELIEVE THAT YOUR GOVERNMENT WOULD SEND A WOMAN FOR THIS SO SPECIAL TASK?
MISS REDWOOD IS A LICENSED PILOT AND FULLY QUALIFIED! YOU HAVE SEEN HER PAPERS!
BUT—WELL, A WOMANS PLACE IS BEHIND THE ORCHID DOOR IN HER HUSBAND'S HOUSE!
COLONEL, I HAVE A FEELING SOMEONE FORGOT TO EXPLAIN ALL THAT TO CERTAIN INTERESTED PARTIES IN BOTH OUR COUNTRIES!

HEFTY THEFT

GALVESTON, Tex (UP)—The sheriff's office thinks weight lifters must have been involved in the theft of 2 700 pounds of lead—27 bars weighing 100 pounds each. They were stolen from a pier warehouse. Value of the lead was $900.

HERE'S AN IDEA.

MEMPHIS, Tenn (UP) — The man may not have built a better mousetrap but he made good use of one he had. Mrs K H Snider was eating in a restaurant when she saw a man pull a mousetrap from his pocket and take a bill from the 'folding money' clipped to the trap to pay his bill.

ATTENTION, MOSCOW!

MALDEN, Mass (UP) —Residents here have a personal grievance against Russia. Their city listed in the latest edition of the Great Soviet Encyclopedia as a suburb of Boston, is spelled 'Molden.'
